THE GOOD & REESE CO., CHAMPION CITY GREENHOUSES, SPRINGFIELD, OHIO.
FOUR BEAUTIFUL ROMAN HYACINTHS.

We wish to call special attention to these beautiful Roman Hyacinths, which are so valuable for early Winter blooming. They are among the few flowers which can be had as early as Christmas and New Year. Each bulb throws up several spikes of flowers, which are very beautiful and fragrant, and when kept in a cool room will keep perfect for weeks. Three can be planted in a four or five inch pot, and will soon be in flower. In the garden they are first of all Hyacinths to bloom. We offer extra large bulbs. The new double ones are exceedingly fine. Do not fail to plant a good lot of them for Winter.

Single White.—Have elegant waxy-white bells of great beauty and fragrance. Price, large bulbs, 5 cents each; six for 25 cents; twelve for 50 cents.

Single Blue.—Lovely light blue, a fine contrast to the white variety. Price, 5 cents each; six for 25 cents; twelve for 50 cents.

Double Dark Pink.—A grand new sort, with enormous double, bright, deep bells, in large spikes. Price, 6 cents each; five for 25 cents; twelve for 50 cents.

Canary Yellow.—New. Few novelties will come out this year which will in importance surpass this new yellow Roman Hyacinth. There is nothing to be said of it except that it is like the common Roman white, except in color, which is a lovely shade of light yellow. Price, 10 cents each; six for 50 cents.

SPECIAL OFFER. For only 20 cents we will send one bulb of each of these four fine Roman Hyacinths; three of each for 50 cents.

"GENERAL" COLLECTION OF HYACINTHS.

Our patrons can rely on the Hyacinths in this list as being the very best of their colors. We have tested the varieties from year to year, and can guarantee satisfaction in any of the following kinds. You cannot possibly go amiss in your selection of any of them.

PRICE, 10 CENTS EACH; ANY 12 FOR $1.00.

Alba Superbissima.—(Thebe.) A grand forcing, pure white variety.
Anna Carolina.—Citron yellow. One of the best yellows.
Blanchard.—Very early. Lovely pure white.
Czar Peter.—The finest of all blue Hyacinths. Simply grand.
Duc de Malakoff.—Large spike of lovely orange shade.
General Pelissier.—Deep scarlet, early, good forcing. The richest red of all Hyacinths.
Grand Lila.—Immense truss and bells, lovely porcelain blue color. Much admired.
Grand Vedette.—Charming variety. Large bells and spikes.
Haydn.—A large spike of rich violet. The only variety of this color. Extra fine.
Herman.—Orange yellow color, flushed and tinted with crimson. Extra.
Herolme.—Pure yellow ground.
Ida.—Citron yellow. The largest spike of all the yellows.
Johanna.—By many considered the best orange colored Hyacinth.
King of the Blues.—Dark blue, very large spike. The finest dark blue Hyacinth in cultivation.
Le Citronner.—Citron yellow. Very rich and very popular.
La Peyrouse.—Light blue. Fine for beds and forcing. A very large, compact spike and large bells. A grand variety.
Madame Vanderhoop.—Pure white, with very large bells. Fine for cutting purposes. Extra.
Maria Catherina.—(Robert Steiger.) Extra light red, fine, large spike and bells. Elegant.
Mina.—Pure snow white. Very desirable. One of the best.
Moreno.—A lovely shade of deep rose.
Norma.—This is one of the old standbys, and is a general favorite. Lovely pink.
Pau de la Europe.—Very fine. Snow white, large spike and large bells. A grand variety for pots and glasses.
Queen of the Blues.—A lovely sky blue. One of the best.
Regulus.—Light blue, with deep, dark blue stripes. Very fine, large spike.
William the First.—Dark blue spikes. Extra.

FEATHERED HYACINTHS.

A very pretty and curious species, the flowers of which are a feathered plume, borne on the end of a large spike. It is perfectly hardy, and is particularly adapted for open ground planting and for indoor culture.

Price, 5 cents each; six for 25 cents.

The foregoing "General" Collection of twenty-six choice Hyacinths will be sent for a remittance of $2.00. Try them. Every one a beauty.
OUR "GRAND" COLLECTION OF SINGLE HYACINTHS.

We advise all our friends to plant Single Hyacinths, as the spikes are larger than the double ones, and they are more showy. Price, 10 cents each; the set of twelve for $1.00. In ordering, say "Grand" Collection of Hyacinths.

Baron Von Thyssen.—Rich, deep blue; very large and free. Extra fine.
Grand Blanche Imperial.—This superb Hyacinth is certainly grand. Splendid, immense spike of large, pure ivory bells, waxy in appearance, vying with the snow in purity, while its fragrance is delicate, yet penetrating. Simply exquisite. The best of all.
General Gordon.—richest deep golden yellow, large spike. The very best in cultivation.
Grand Maitre.—Deep porcelain blue. One of the grandest of all blue Hyacinths. Much prized in Holland.
Grandeur a Merville.—Finest cream white; very large bells and spike. Very desirable.
Lord Macaulay.—This is said by all who have seen it to be the best rich red Hyacinth yet offered. The florets are extra large, spike solid and compact, and the fragrance is exquisite. The color is a dazzling, sparkling red. Very bright. New.
La Grandesse.—This variety deserves the name of "The Grandness," having a grand spike of the purest white.
Queen of Hyacinths.—Deserves its name, being the very finest, richest scarlet.
Roi des Belges.—Rich, dark red. Extra fine and very early.
Sultan's Favorite.—Waxy pink, striped bright red. A most handsome sort.
Temple of Solomon.—Large, tall spike; large and very shapely, with very drooping bells. Flowers shell pink inside and deep pink outside, touched with violet. A superb new sort.
Uncle Tom.—The very darkest, almost black. A beauty.

MIXED HYACINTHS FOR BEDDING OUT IN THE FALL.

These mixed Hyacinths are used almost exclusively for bedding out in the Fall on account of their cheapness. They are just as good colors and just as fragrant as the named varieties; the difference is in the cost of keeping the named sorts separate, both while planting and after they are dug. The exact shades cannot be given, but the general outline of colors are kept separate, so that in ordering you know what color you are buying. Price, 5 cents each; or the entire fifteen choice varieties for $1.00.

REMEMBER, the Above Choice Collection of Fifteen Hyacinths for $1.00, all Different.

The Grape Hyacinth.

(Improved.) This charming little gem should be found in every garden in abundance. It has been termed the "Blue Lily of the Valley." and when planted in a mass with that sweet flower it does resemble it to some extent, and forms a most fascinating combination. It grows about the same height, and blooms about the same time each Spring. It increases rapidly, and when once planted a mass of beautiful blossoms, which will increase each year, is insured for a lifetime. But for Winter blooming in pots it is of the greatest value. Plant five or six bulbs in a five-inch pot, and you will have as lovely a pot of bloom as you can imagine. Words fail to do it justice. Flower stems grow a foot in height, bearing a dense spike of sky blue bells tipped with white, and oh! so lovely. Please remember that ours is an improved strain of Grape Hyacinth, much superior to the old form.

Improved Blue.—Price, three for 5 cents; twelve for 15 cents.
Snow White.—New and scarce. Price, 2 cents each; six for 10 cents.
“GEM” COLLECTION OF NAMED DOUBLE HYACINTHS.

This offer has never been equaled. The varieties are the very best. The colors are unsurpassed. By far the best offer you have ever had on Double Hyacinths. In ordering, say “Gem” Collection of Hyacinths. Price, 10 cents each; the set of twelve for $1.00. Cannot be bought elsewhere for less than $2.00.

Charles Dickens.—One of the finest pinks. Extra large spike.
Grand Monarque de France.—A beautiful cream white. A new shade in Hyacinths.
Gertrude.—Large, compact spike of beautiful bright red. An extra fine variety.
Jenny Lind.—Very large spike of blush white, with violet eye. Extra fine.
La Tour de Auvergne.—A beautiful, pure snow white, with delicate rose tracings. Superb.
Lord Wellington.—Deep porcelain, with lilac stripe. The best of its color.
Monarch.—Bright crimson, with large, large spike. A most charming, rich colored, handsome variety.
Ne Plus Ultra.—Pure, waxy white, very large bells. Extra fine for cutting, for which purpose it should be more extensively used. It is also very useful for outdoors because of its erect habit.
Princess Royal.—Deep scarlet, extra large, compact spike, very early. Is found in every collection for exhibition, which is a proof of its great value.
Pieneman.—The finest of all double light blue Hyacinths. Has a large, compact spike of splendid lilac.
Rosea Maxima.—A fine pink, very compact spike. This variety has the lead of its color. It is very fine for forcing on account of its color and size of flower, and also very fine for outdoors, as it always stands erect.
Sans Souci.—One of the finest pink Hyacinths in cultivation. Has a large, compact spike and large bells. It always gives satisfaction. Those who know its value use it largely.

Remember, the above collection of Hyacinths embraces all the shades of this beautiful flower, and these varieties cannot be excelled. Try a collection.

OUR “SENSATION” BED OF ONE HUNDRED
OF THE VERY CHOICEST NAMED HYACINTHS.

The Good & Reese Company, Florists and Seedsmen,

This bed is fifteen feet in circumference, or five feet across. It is composed of five rows, requiring one hundred bulbs. This bed, when seen in flower, you will remember with pleasure as long as you live. Nothing can be more beautiful and fragrant. This bed is fifteen feet in circumference, or five feet across, requiring one hundred bulbs planted six inches apart—all for $6.00. Or the bed can be reduced in size one-half, when fifty bulbs will be required, costing $3.00. In ordering, say “Sensation Bed of Hyacinths.” The varieties and colors are as follows:

Row 1. (The center) — Twelve Lord Macaulay—dazzling scarlet.
Row 2. Fourteen La Citronerre—beautiful citron yellow.
Row 3. Eighteen Czar Peter—finest porcelain blue.
Row 4. Twenty-six La Grandesse—the finest snow white.
Row 5. Thirty Gigantes—the best pink.

TO BUYERS OF BULBS. The price of Bulbs in Holland has advanced in the past two years twenty-five per cent. Our own government has added a duty of twenty-five per cent. Notwithstanding this fact, we have not advanced our prices, except on Hyacinths, and this but very little. We guarantee our bulbs the best in variety and quality that Holland produces. Give our Bulbs a trial and be convinced.
The “American Banner”

BED OF TULIPS.

This choice bed is five feet in diameter, and requires 225 bulbs, planted four inches apart. It embraces the three colors of our glorious flag—Red, White and Blue.

Artus.—White, crimson, rich red, making our national colors and an attractive and showy bed for $3.75; or one-half of it for $1.85. Be sure to try a bed.

EARLY FLOWERING SINGLE TULIPS. Named Varieties.

Tulips are such universal favorites that it is scarcely necessary to expatiate upon their merits here. Their ease of culture, combined with beauty of form and gorgeous coloring, render them the most popular bulbs grown for Spring bedding, and for Winter flowering in the greenhouse and window-gardens they are incomparable. The Tulip is extremely hardy and of easy culture, flowering as freely in the shade as in the sunshine, and producing its fine flowers in a confined town garden as in a more favored place. Double and Single Tulips, when associated together and planted in front of shrubs, maintain a longer display than if either are separately planted. In gardens where the flower beds must be kept gay from the earliest day of Spring, plant between the lines of Tulips, Scilla Siberica, Chimonodoxa Lucilia, Snowdrops or Crocus, and as these flower first they can be removed or cut down when the Tulip is coming into bloom. The Single Tulip has a greater variety of rich, delicate and attractive colors than any other section of Spring flowering bulbs. The Single Tulip is extensively grown for indoor decoration, three or five bulbs in a pot.

Artus.—Bright scarlet, splendid bedder. Flowers with La Reine and Golden Eagle.

Belleville Alliance.—(Waterlily) A clear scarlet. Flowers at same time of L’Immaculee and Chrysolora.

Chrysolora.—Golden yellow. Extra fine. It is the best single yellow Tulip for outdoors.

Cottage Maid.—(La Pricipe) Snow white, bordered with pink. The prettiest of all Tulips.

Coeur de Cardinal.—Brightest red, outside of petals shaded bronze.

Crimson King.—(Red Cranmois) Good crimson bedder.

Coeur de Ponceau.—Wine color, center of petal flame red.

Duchesse de Parme.—Orange yellow, tinted brown; very large.

Price, 3 cents each; the set of thirty-four distinct varieties of Early Single Tulips for 90 cents. The varieties preceded with a star are the best for forcing indoors.

“STAR” BED OF TULIPS. A Beautiful Design.

Eleonora.—Richest royal violet. Extra fine.

Golden Eagle.—Fine golden yellow, good bedder.

Jach Van Rotterdam.—Ground color white, flamed with violet.

Joost Van Vondel.—Giant flower. Brilliant red, reverse of petals bronze color.

Kaiserkronen.—Red, with broad, yellow edge. Fine for pots. The largest of all Tulips.

La Cite Nace.—Violet color, with broad, white edge.

Le Reine.—(The Queen.) White, delicately shaded pink.

Leonardo de Vinci.—Orange. Very attractive color.

L’Immaculee.—(Snowball.) Snow white. Extra large flower, good bedder.

Mon Treor.—Best yellow, extra large, fine for forcing.

Prince de Sables.—White, slightly shaded pink. Very fine.

Prince of Austria.—Orange, shaded scarlet. Very large and fine.

Proserpine.—Magenta red, very large, forces by Christmas.

Rachel Rusch.—White, with delicate pink edges.

Rose Girls de Lin.—Very fine, bright pink. Elegant variety.

Rose Louisiane.—The best deep pink for forcing.

Standard Royal.—White base, veined scarlet, beautiful variegation. Extra fine.

Thomas Moore.—Buff orange. Very showy.

Vander Neer.—The finest of all violet colored Tulips. Extra large flower.

Vermilion.—Large, brilliant scarlet, fine bedder.

Woven.—The best scarlet forcing, large flower.

White Hawk.—Pure scarlet, splendid forcing, large flower.

Wouwerman.—Dark royal purple or blue.

Weten Van Leiden.—White. Each petal has a violet tip.

This beautiful bed is seven feet from point to point, and requires two hundred and fifty bulbs planted four inches apart. Price, $4.50; or for a bed half this size, one hundred and twenty-five bulbs, $2.50. Section one, center, ten Count of Leicester (yellow); section two, fifty Rex Ruborum (scarlet); section three, eighty La Cadeur (white); section four, outside row, one hundred and ten Ma Cusine (variegated red and yellow). The five varieties of Tulips, as shown in small beds surrounding the “Star” Bed of Tulips, have been selected as the most richly colored and largest plants in the market, and are all, for $1.50, or the entire lot of Tulips to make the above effect for $6.00. Half these bulbs, to make a display half this size, for $3.00. Try this design and be delighted.
The Good & Reese Company, Florists and Seedsmen.

"POPULAR" Bed of Rex Rubrorum (Bright Scarlet) and La Candeur (Pure White) Double Tulips.

It is five feet across or fifteen feet in circumference, and requires 200 bulbs planted four inches apart. Price for the bed, 100 bulbs of each kind, $3.50, or a bed half this size, 50 bulbs of each color, $1.75. Don't fail to try a bed of these and see how pretty they are.

**Double Tulips**

**HAVE** massive flowers of brilliant and varied colors, shades and markings, and being double, the flowers last much longer in bloom than single varieties, and, in consequence, when singles and double are planted in conjunction the "time of the Tulips" is greatly prolonged. Double Tulips are beautifully adapted for beds on the lawn, in the garden, and for planting in clumps of half a dozen or more around the edge of shrubbery. They are robust growers and exceedingly effective. The early sorts do splendidly when grown in pots for Winter blooming, but must be forced much slower than single Early Tulips, by keeping them cooler. We keep the early and late varieties separate, so you can plant the ones that bloom early together if so desired.

**Price.** 3 cents each, or the set of twenty-three different choices, distinct kinds of Double Early Tulips for 60 cents. Those preceded with a star are the best varieties for forcing indoors.

- **Alba Maxima.** Creamy white. Very desirable.
- **Couronne d'Or.** The best golden yellow. Reminisces a Rose in shape. No flower has a richer color.
- **Count of Leicester.** Yellow, reddish flamed. A fine bedder. Flowers at same time as La Candeur and Rex Rubrorum.
- **Duke of York.** Rich, clear bright red, with white edge. Fine for forcing or bedding.
- **Gloria Solis.** Brownish red, bordered with pure gold. Helianthus.—Beautifully variegated red and yellow.
- **Imperator Rubrorum.** A very fine bright scarlet. The finest of its color.
- **La Candeur.** Pure white. Fine bedder. This variety is beautiful when planted among Rex Rubrorum, to form designs etc., planted four inches apart. We sell an immense quantity of them being very cheap. Price, $2.00 per hundred.
- **Le Blason.** Fine, rose pink, very elegant.
- **Ma Constance.** Beautiful, rich violet, white edged. This variety blooms at the same time as Rex Rubrorum and La Candeur, and makes an elegant border for these varieties.
- **Muriello.** White, delicately flushed with pink, large flower. Fine for forcing or bedding.
- **Purple Crown.** The only real dark red double Tulip. Very rich and effective.
- **Queen Victoria.** Rich wine color. Very distinct.
- **Rex Rubrorum.** Richest scarlet. Beautiful when planted among La Candeur to form designs of any description, as they grow of equal height and bloom at the same time. A rich effect is produced by planting Rex Rubrorum in center of bed, then surround this with La Candeur, and border with Count of Leicester. They all bloom at one time. Price, $2.00 per hundred.

**SPECIAL TULIPS.** Mixed.

**SINGLE LATE TULIPS.** (Called Byblooms.)

White grounds, variegated with various colors. Fifty finest sorts, mixed. Price, 3 cents each; twelve for 30 cents.

**SINGLE LATE TULIPS.** (Called Bizarres.)

Yellow grounds, variegated with various colors. Fifty finest sorts, mixed. Price, 3 cents each; twelve for 30 cents.

**SPECIAL OFFER.** For only 50 cents we will send twelve bulbs each of Byblooms and Bizarres.
DUO VAN THOL TULIPS.

They are the earliest to bloom of all the Tulips, and are greatly prized for pot culture during Winter. In the garden they bloom with the Crocus, and are welcome heralds of Spring. Do not omit this charming class.

Price, 3 cents each;
the set of eight for 20 cents.

Yellow.—Clear and brilliant.
Rose.—Beautiful delicate pink.
Scarlet.—Dazzling scarlet.
Gold Striped.—Scarlet, striped gold.
White.—Very fine.

PARROT TULIPS.

The most beautiful and interesting class of Tulips, which should be in every garden. The flowers are very large and perfect in shape, the petals are richly colored, while the color is the most striking combination of crimson and golden yellow, streaked and edged with green, resembling the plumage of a parrot, whence these Tulips derive their name. A bed of these makes a gorgeous display, paying a hundredfold for any trouble that may be bestowed upon them.

Price, 4 cents each;
35 cents per dozen.

Admiral of Constantinople.—Red, streaked with orange.
Coleur Cafe.—A dark brown color. Very desirable.
Gloriosa.—Yellow, striped with red.
Perfecta.—Yellow ground, shaded and spotted and scarlet feathered.
Markgraf.—Yellow and orange.
Lutea Major.—Bright yellow.
Fine Mixed Parrots.—All colors.

LATE FLOWERING SINGLE TULIPS.

FINE VARIETIES.

These late Tulips flower long after the other varieties of Tulips are gone. They have beautiful flowers and are valuable for a succession.

Price, 4 cents each;
40 cents per dozen.

Bouton d’Or.—Pure yellow; the deepest yellow Tulip in existence.
Golden Crown.—Yellow, bordered with bright red.
Generosa.—Beautiful scarlet; very large flower. Tall grower.

LATE FLOWERING DOUBLE TULIPS.

NAMED VARIETIES.

Price, 3 cents each;
or the set of five for 12 cents.

DARWIN TULIP. (Late Flowering.)

A new family of Tulips. Grows three feet high, bearing immense, large flowers, three to four inches in diameter. The most unique and richest colored of all the Tulip family. The colors run from flesh pink, through scarlet to the deepest violet. No white or yellow flowers among the Darwins. Very late flowering.

Price, 5 cents each; six for 25 cents.

MIXED TULIPS.

We have a large stock of unnamed Tulips for bedding, which we price so low as to make a large mass of these showy flowers a matter of trifling expense. They are excellent bulbs, and will bear handsome blooms. Double and single collections are kept separate. Several hundred bulbs at the quotations below involve less expense than is required to secure a few Summer bedding plants, and in the matter of display they are fully as valuable during their season as an equal number of ordinary bedding plants.

Superfine Mixture Single Tulips.—In fifty choicest kinds. Splendid flowers. Price, 25 cents per dozen. $2.00 per hundred.

Superfine Mixture Double Tulips.—In fifty choicest kinds. Splendid flowers. Price, 25 cents per dozen; $2.00 per hundred.

Superfine Mixture of Parrot Tulips.—Price, 25 cents per dozen; $2.50 per hundred.

BOTANICAL TULIPS. (Late Flowering.)

Orientalis.—(Peacock Tulip.) Bright scarlet, with darker markings that resemble the peacock’s feather. Very beautiful.

Price, 5 cents each; 50 cents per dozen.

Sylvestris.—(Florentina Odorata.) Yellow flowers, with delicious fragrance. This variety is the only Tulip that has fragrance. Price, 4 cents each; 40 cents per dozen.

Greigii.—Bright orange scarlet; immense large flowers; yellow inside of petals, brassy yellow outside; foliage black spotted. This variety and the Darwin Tulip are the handsomest of all Tulips. Order a Greigii Tulip and see what a beautiful flower it is. They cost us three times what other Tulips cost.

Price, 10 cents each.

THE PEACOCK TULIP

Double Tulips.

Blue Flag.—Richest sky blue. The only Tulip of this color.
Mariesse de Ma Fille.—White, with cherry crimson, feathered.

Extra fine.

Overwinnaer.—Blue and white feathered. Extra.

Pony Gold.—A rich scarlet, feathered yellow.

Yellow Rose.—Splendid golden yellow, very large flower. The best of the yellow Tulips. Extra. Price, $2.00 per hundred.
DAFFODILS AND NARCISSUS.

"Daffodils
That come before the swallows dare,
And take
The winds of March with beauty."
—SHAKESPEARE.

The wonderful creations in the way of new varieties have awakened an interest and enthusiasm among the lovers of flowers that has placed this, "The Flower of the Poets," in the front rank of popularity, and they merit, the praise that can be bestowed upon them. Appearing, as they do, just after bleak Winter, they turn our gardens, lawns and woodlawns walk into gorgeous masses of gold and silver, with a fragrance that is enchanting. They are equally valuable for growing in pots for Winter flowering, or as the varieties are referred to on page 11, perfectly hardy. Our collection has been much enriched, and embraces in addition to the old favorites many new varieties, including the magnificent new hybrids. We are also importing direct from China some of the rarest and most wonderful "Chinese Oriental Narcissus," called by the natives "Joss Flower," or "Flower of the Gods."

G I A N T - F L O W E R E D N A R C I S S U S O R D A F F O D I L S

NOTE.—In describing Narcissus we have referred to the "perianth" and "trumpet," the latter is the hollow center, funnel-like tube, and the "perianth" is the surrounding row of petals, or leaves. All Narcissus on this page are hardy for garden planting. Also excellent for Winter flowering indoors. (If desired by mail, add the rate of 10 cents per dozen for postage.)

LARGE TRUMPET NARCISSUS.—All Yellow.

Ard-Righ, or Irish King. — (Trumpet Major.) Earliest and most vigorous "Giant Trumpet Daffodil." In cultivation, Fine, bold flowers of immense size. Perianth and trumpet full, rich yellow. Extra fine sort for pot culture and forcing. Price, 6 cents each; six for 30 cents.

Emperor. — The Giant Narcissus. Largest of all. Flowers of richest yellow, trumpet immense, petals of perianth so large they overlap, and measure a quarter and a half inches across. Petals a shade lighter than the trumpet. Price, 15 cents each; four for 50 cents.

Golden Spur. — Extra large, bold, rich, yellow flowers; foliage very broad and striking, unusually robust habit. Unsurpassed for gardens, pots, or forcing. Price, 10 cents each; $1.00 per dozen.

Henry Irving. — Long, beautifully flared trumpet, nearly two inches wide at the mouth, of rich, golden yellow color. Petals of perianth very wide, over-lapping, bright yellow. Received first-class certificate. Price, 10 cents each; $1.00 per dozen.

Haley's Beaten Gold, or Maximum. — Large flower, rich yellow; elegantly twisted perianth, trumpet deep golden, large, well-flared. Price, 10 cents each; $1.50 per dozen.

Obvallaris. — "Tony Daffodil." Elegantly formed, medium sized flower of rich yellow. Splendid for forcing. Price, 8 cents each; 35 cents per dozen.

LARGE TRUMPET NARCISSUS.

Two-Colored Varieties—White and Yellow.

Dean Heron. — Beautiful new variety, with very large, wide, bright yellow trumpet and cream-white perianth, very distinct. Price, 10 cents each; $1.00 per dozen.

Empress. — A magnificent, large variety, bold and erect. A rare beauty. Some give this the palm of being the best of the two-colored trumpets. Perianth white and of great substance; trumpet rich yellow. Price, 15 cents each; four for 50 cents.

Grande. — Flowers of the largest size, with broad, snow white petals and a magnificent yellow tube. Very beautiful. A large variety for forcing in Early March, and grand for cutting. Price, 15 cents each; six for 75 cents.

Horsfield. — "The Queen of the Daffodils." This variety is considered the best of all Narcissus. Try it. Very large, flowers pure white, with rich yellow trumpet. Very stately and beautiful, and one of the most elegant for ladies' corsage wear. This magnificent flower was raised by a Lancashire weaver—John Horsfield—and it has made him famous. Price, 10 cents each; $1.00 per dozen.

Scotica. — The "Scotch Garland Flower," or "Large-Flowering Lent Lily." Large flowers of creamy white, bright yellow trumpet, elegantly flanged and serrated. Price, 6 cents each; 50 cents per dozen.

Giant Princess.—(Ajax Princeps.) A magnificent flower. One of the finest specimens of the Trumpet type. Cream perianth, with golden yellow trumpet. Price, 8 cents each; 75 cents per dozen.

Moschatel. — One white perianth. Trumpet opens creamy white and turns to pure white. It is very large and showy, and it never fails to please everybody. Price, 15 cents each; four for 50 cents.

All White Trumpet Narcissus.

Paludis Precox.—"The White Pyrenees Daffodil." One of the earliest and most beautiful varieties. Both trumpet and perianth are clear sulphur white. Was awarded a first-class certificate by the London Royal Horticultural Society. One of the best for forcing. Price, 4 cents each; 60 cents per dozen.

Albicans. — The "White Spanish Daffodil." Creamy white, with a sliver white trumpet, slightly flushed with primrose and elegantly recurved at the brim. Price, 10 cents each; six for 50 cents.

THE TRUE POET'S DAFFODILS.

Narcissus, with Miniature Saucer-shaped Cups.

Biflorum.—(Two-flowered Poet.) Twin flowers borne on one stalk. The color is pure white, with yellow cup. Fries four for 10 cents; 25 cents per dozen.

Poeticus.—(One-flowered Poet.) Pure white flowers, with crimson cup, tinged with rose scarlet. A magnificent cut flower. Very early. This is our special favorite of all Narcissus. Try it. Price, 5 cents each; 50 cents per dozen.

Poeticus Postumus. — (New.) The flowers of this new variety are much larger and the orange rim more distinct in the cup. This beautiful variety will be welcomed as a decided improvement over the old Poeticus. Price, 5 cents each; 50 cents per dozen.
Double Narcissus or Daffodils.

**Double (Camellia-Flowered) Narcissus.**

**YELLOW VARIETY.**

*Incomparable, fl. pl.*—"Butter and Eggs." Full double flowers of rich yellow, with orange nectary. Splendid forcing variety. Price, 4 cents each; 40 cents per dozen.

*GARDENIA FLOWERED," WHITE VARIETY.*

*Alba Plena Odorata.*—"The Double White Poet's Narcissus." Snow white, Gardenia-like flowers, exquisitely scented. Price, 4 cents each; 35 cents per dozen.

**TWO-COLORED VARIETIES—WHITE AND YELLOW.**

There are no finer Narcissi than the Orange and Sulphur Phoenix. Especially is the Sulphur Phoenix extra fine. The flower is as large almost as a Poeny. Be sure and try them.

*Orange Phoenix.*—"Eggs and Bacon." This beautiful variety has double white flowers, with orange nectary. Splendid for pot culture and cutting. Price, 6 cents each; 85 cents per dozen.

*Suiphor (or Silver) Phoenix.*—"Codlins and Cream." Large, creamy white flowers, with sulphur nectary. Exquisite corsage flower, and fine for growing in pots. Price, 15 cents each; four for 50 cents.

**POLYANTHUS NARCISSUS.**

*Of BUNCH FLOWERED DAFFODILS.*

**NARCISSUS, PAPER WHITE.**

The Polyanthus varieties of Narcissus are not only beautiful, but deliciously sweet scented and of the easiest culture. Very free flowering and suitable for window-garden, conservatory or garden, continuing long in bloom. They have tall spikes of bloom, bearing from six to twenty-four flowers each. The pure white petals and gold cup of some varieties, the yellow with the orange cup of others, and the self whites and yellows, render them great favorites.

**WHITE VARIETY.**

*Paper White.*—(Tetos Albus.) Pure snow white flowers in clusters. This variety is perhaps more largely forced for cut flowers than any other, millions of them being used for the large flower markets of the world. Price, 5 cents each; 40 cents per dozen.

**YELLOW VARIETIES.**

*Grand Soleil d'Or.*—Rich yellow, with reddish orange cup. A favorite bedding and cutting variety. Price, 8 cents each; 75 cents per dozen.

**Glorious.**—Immensely trusses of pure white, with primrose colored cups. Very early. Splendid to force. Price, 8 cents each; 75 cents per dozen.

**Double Roman.**—Clusters of white flowers, with double citron colored cups. It is very early, and grown principally and largely for forcing. Price, 5 cents each; 40 cents per dozen.

**HOOP PETTICOAT, or Medusa's Trumpet Narcissus.**

*Bold and shapely flowers. They are gems for pot culture, and bear from six to twelve flowers to each bulb. For planting in groups around the edges of lawns, and especially for edgings for beds, this class is superbly adapted. The bulbs of the Hoop Petticoat varieties are all small, but produce handsome flowers.*

**Bulbocodium.**—The "large Yellow Hoop Petticoat," rich golden yellow. Price, 5 cents each; 50 cents per dozen.

**Citron.**—The "large Sulphur Hoop Petticoat," large sulphur flowers, unique and beautiful. Price, 5 cents each; 50 cents per dozen.

*"Algerian White Hoop Petticoat."*—(Monophyllus, or "Clasii") Pure snow white, very early, will bloom at Christmas if potted in September. Price, 8 cents each; 85 cents per dozen.

**DOUBLE TRUMPET DAFFODILS.**

*DAFFODIL, VON SION.*

*Von Sion.*—The famous "Old Double Yellow Daffodil." Rich golden yellow perianth and trumpet, one of the best forcing sorts, immense quantities being grown for this purpose, both in Europe and America. Price, 4 cents each; three for 10 cents; 30 cents per dozen.
**TRITILEA UNIFLORA.**

This is one of the choicest additions to Winter flowering bulbs that has been offered in many years. The bulbs are small, and several can be planted in a pot, each one of which will send up several flower scapes, bearing star-shaped blossoms one inch in diameter, pure white, elegantly lined with celestial blue. As the flowers follow each other successively, and last a long time before fading, a pot of these bulbs is never without flowers for several months in mid-Winter. They are also quite hardy, and can be planted in the open ground, where they will bloom magnificently in the early Spring. We earnestly advise all lovers of flowers to plant this beautiful bulb, for it is sure to delight you. It is of the easiest culture, and always sure to thrive. Price, fine bulbs, 3 cents each; three for 10 cents; twelve for 35 cents.

**SCILLA SIBIRICA, or SQUIRLL—Star Hyacinth.**

Scilla sibirica is one of the loveliest Spring flowers. Color almost as deep as the sky itself.Quite hardy, and flowers out of doors at the same time as the Snowdrop, in front of which it gives a splendid effect. Planted in pots and kept indoors it may be had in bloom as early as Christmas. Its magnificent flowers make it suitable for any decorations whatever. Price, two for 5 cents; 25 cents per dozen.

---

**The Chinese Sacred

★★★★ OR ★★★★

Oriental Narcissus.**

A Variety of Polyanthus Narcissus.

The "Shui Sin Far," or Water Fairy Flower, Joss Flower, or Flower of the Gods, etc., as it is called by the Celestials, is a variety of Narcissus, bearing in lavish profusion chaste flowers of silvery white, with golden yellow cups. They are of exquisite beauty and entrancing perfume. It is grown by the Chinese, according to their ancient custom, to herald the advent of their New Year and as a symbol of good luck. The bulbs are grown by a method known only to themselves, whereby they attain great size and vitality, insuring luxurious growth and immense spikes of flowers. In fact, the incredibly short time required to bring the bulbs into bloom (four to six weeks after planting) is one of the wonders of nature. "You can almost see them grow," succeeding almost everywhere and with everybody. They do well in pots of earth, but are more novel and beautiful grown in shallow bowls of water, with enough fancy pebbles to prevent them from toppling over when in bloom. A dozen bulbs started at intervals will give a succession of flowers throughout the Winter. We are importing direct from China immense bulbs of the true large-flowering variety. Price, 15 cents each; four for 50 cents.

**GIANI GOLDEN SACRED LILY.**

The flowers of this beautiful Sacred Lily are almost identical with the Chinese variety, except that they are of the most lovely shade of deep golden yellow, making a fine contrast with the white bloom of that noted kind. The bulbs are not nearly so large, but the trusses of flowers are of good size, making this a charming bulb for house culture. Grows in water like the old variety. Price, 3 cents each; six for 20 cents; 35 cents per dozen. Try a dozen and be delighted.

**JONQUILS.**

Much prized for their charming, large, golden and deliciously sweet-scented flowers, perfectly hardy and flowering very early in the Spring; also admirably adapted for Winter flowering in the house. Three to six bulbs in a four or five-inch pot each.

Odoruss, Single.—A bright yellow perianth deeply lobed and very fragrant. Price, 2 cents each; 20 cents per dozen.

Odoruss, Double.—Flowers full, double, and of a golden yellow color. Fragrant. Price, 3 cents each; 50 cents per dozen.

Campernelle.—The best of the Jonquil section. Perianth six lobed, spreading, and of a light yellow color. Price, 3 cents each; 50 cents per dozen.

---
CHIONODOXA LUCILÆ.

( Glory of the Snow.)

One of the most lovely Spring flowering bulbous plants ever introduced, producing spikes of lovely azure blue flowers, with pure white centers. It is one of the earliest of all flowers, blooming before the Crocus, and sure to be more than satisfactory to those who plant it. For Winter blooming this bulb is also lovely. Price, strong home-grown bulbs, 3 cents each; twelve for 30 cents.

HYACINTHUS CANDICANS.

This is not unlike our Spring blooming Hyacinths. Its leaves are deep green, fleshy, resembling some of the Yuccas. The flowers are white, in handsome, pendulous bells, arranged on pyramidal spikes, often reaching to the height of three feet or more in strong plants. A strong bulb will give from two to three flower spikes, and these produce from thirty to fifty flowers. The plants come into bloom in July, and bloom continuously until October. It is hardy. Price, 10 cents each; three for 25 cents.

CROCUS.

The Crocus is one of the first flowers of Spring, and one of the best for blooming in the house during Winter. Half a dozen bulbs may be planted in a pot, and will make a very pretty show. For garden culture plant bulbs two inches deep and two or three inches apart. They are so cheap and pretty they ought to be found in every garden in abundance. They bloom splendidly when planted on the lawn among the grass. They lift their bright heads up through the sod very early, and give the lawn a charming aspect. The sorts we offer are especially strong and fine.

Price, 8 cents per dozen; 40 cents per hundred, by express. If by mail, 50 cents per hundred.

Sir Walter Scott.—Striped white and purple.
Cloth of Gold.—Brightest golden yellow.
Cloth of Silver.—Beautiful silver.
Dandy.—A light blue, bordered with white.
David Rizzo.—Richest dark purple.
Mont Blanc.—Purest white.
Giant Yellow.—Fine yellow.
Extra Fine Mixture.—All colors.
Lilies for Fall Planting

The Set of eight lovely Lilies on this page, all distinct, costing $1.65, sent for only $1.25. This is a great offer.

"The fairest of all things that blossom and grow,
Sweet as the Summer and pure as the snow,
Is the Lily that tells
Like the glad Easter bells,
Once more the sweet story which all hearts should know."

LILIUM HARRISII—The True Bermuda Easter Lily. This peerless Lily is the greatest acquisition to floriculture made in many years. Their profusion of bloom, the remarkably short time required to bring them into flower, and the certainty to produce abundant bloom and also the ease with which they can be manipulated to be flowered at any desired period, such as Christmas, Easter, and other special occasions; renders them invaluable. The flowers are delightfully fragrant, pure-waxy white, of great substance, and if cut as soon as they are open, or partially open, they can be kept for two weeks. A short time only is required to bring them into bloom. Bulbs potted in August can be had in flower in November if desired. A succession of bloom can be kept up from November to May by bringing the pots of rooted bulbs in from cold frames at intervals throughout the Winter. The quantity of bloom produced is marvelous. The average production of bulbs five to seven inches in circumference, even when forced, is from five to eight flowers, and of bulbs seven to nine inches, eight to twelve flowers; and if desired, a second crop of flowers, frequently equal to the first, can be secured the same season by drying the plants off for a time after blooming and then again starting them. Blooming plants in pots form typical Easter offerings and presents, for decoration of window, table, house or church. Nothing is more appropriately beautiful and highly appreciated. Thousands upon thousands are sold in the large cities every Winter for this purpose. As a garden Lily it is of great beauty, being entirely hardy except in northern climates, where it requires a protection of leaves or litter to the depth of five or six inches. Price, 25 cents each; four for 50 cents. Larger bulbs, 20 cents each; three for fifty cents. Extra large, 50 cents each, list three for $1.25.

LILIUM CANDIDUM. The old-fashioned pure white garden Lily, also known as Easter Lily. One of the hardiest. Flowers snow white, with heavy yellow stamens and sweetest fragrance. It bears from five to twenty blossoms. This is the most decided to have in expressing its preference for a planting time. It must be planted in the

LILY HARRISII.

and Annunciation Lily. This is one of the most beautiful of all Lilies. Pure white and very fragrant. Price, 20 cents each.

LONGIFOLIUM JAPONICUM. The freest flowering of all Lilies. Pure white, spotted scarlet, very showy. Price, 20 cents each.

THUNBERGIAN AUREUM. This is the lovely Kikak Lily so much in favor with the Japanese. The richest colored of all Lilies. Price, 20 cents each.

TIGRINUM FLORE PLENO. Bright orange, spotted black, and very double. Price, 25 cents each; three for 50 cents.

SPECIOSUM RUBRUM. A beautiful bright rose, spotted with a rich velvety crimson. Price, 25 cents each; three for 50 cents.

LILIUM AURATUM. The Gold-Banded Lily of Japan. This is the highest type of flowering bulbous plants. The most beautiful and fragrant of all our list. The flowers are of immense size, being fully twice as large as those of almost any other Lily. There is wonderful beauty in the growth of this gorgeous flower; first, the dry, scaly bulb, then the sturdy stalk must surge upward through the earth, next the dark green leaves and flower buds, and finally the dazzling white and gold blossom. This noble Lily, which, when first introduced into this country but a score of years since, sold at five dollars each, can now be had for a trifle. The new bulbs are brought from Japan for us each year, and only such will give best results. They are shipped to us wrapped in a ball of clay and arrive plump and sound, every one ready to bloom. Price, fine bulbs, 20 cents each; three for 50 cents; $1.75 per dozen, post paid.

Lily Harrisii is ready now; the other varieties and Lily of the Valley cannot be sent until November. Order now, and we will file your order and send as soon as we receive them from abroad.
LILY OF THE VALLEY....

The Lily of the Valley is one of the most useful and greatly admired plants grown. The modest bell-shaped flowers of the purest white are highly prized for cutting purposes, and for flowering in pots in the Winter they are exceedingly well adapted. Beautiful and most interesting ornamental designs for the parlor or conservatory may be produced by planting the Lily crowns in Crocus pots or in pyramidal pots made especially for this purpose, and pierced with holes. They will last several weeks in beauty. By taking them in at intervals a succession of different designs may be kept up all Winter. They are also forced in immense quantities by florists, but they are the most charming when grown in large patches, in partially shaded localities around the lawn, near the borders of streams, lakes, etc., being perfectly hardy.

Price, 3 cents each; 30 cents per dozen.

FRITILLARIA MELEGARISS.
(Snake's Head or Turk's Cap.)

Very early flowering bulbs, suitable either for garden or pot culture. In pots they bloom during January or February, and are very attractive. They resemble Lily flowers, and are borne on graceful, drooping stems. An attractive object to anyone's garden or window. Price, for assorted colors, 10 cents each; three for 25 cents.

FRITILLARIA IMPERIALIS.
(Crown Imperials.)

Well-known bulbs of large size, producing an umbel of bell-shaped flowers of various colors early in the Spring. They are entirely hardy and are very showy.

Mixed Colors.—Yellow, red, orange, etc. Price, 20 cents each.

IXIAS.

The IXIAS produce their beautiful flowers in spikes, and are of the most dazzling and brilliant colors, and sure to attract great attention. It is only a few years that they have been grown in this country to any extent, but in that time, like the Freesia, they have become very popular. For pot culture in the house they give great satisfaction, being of easy culture and free bloomers. Half a dozen bulbs can be planted in a five-inch pot, and the display is magnificent. For open ground culture give them Winter protection with leaves or straw. They are very cheap, and all lovers of odd and beautiful flowers should certainly add them to their collection. The sorts we offer are new and very fine. Price, 3 cents each; six for 15 cents; 25 cents per dozen.

SPARAXIS.

From the Cape of Good Hope, producing flowers about the size and shape of those of the Crocus. The colors are of an infinite variety. Pure white, yellow, orange, red, purple and violet are to be found, either separate or blended, in pleasing variegation. Three or four bulbs may be put in a four-inch pot with good effect. They are charming. Try them. Price, 3 cents each; 20 cents per dozen.
Anemones.

Very beautiful and brilliant Spring flowering bulbs, which should be found in all gardens. They possess a beautiful range of very fine colors, such as brilliant scarlet, red, blue, rose, striped, carnation, etc. For pot culture they are very fine indeed, and succeed best if left in the same pot year after year, without removing or disturbing.

Single.—All colors mixed. Price, 3 cents each; six for 15 cents.  |  Double.—All colors mixed. Price, 4 cts. each; twelve for 40 cts.

GIANT SNOWDROPS. Beautiful, dwarf, white flowers, pushing up through the snow in the Spring, a habit from which arose this name. They are lovely little blossoms, and should be found in every garden. Indoors they are equally pretty, and easily brought into bloom. Being dwarf, they are usually planted along walks or the margins of beds. The Giant Snowdrops we offer are much superior to the common varieties, producing large flowers.

Giant Single Snowdrop.—Price, 2 cents each; 20 cents per dozen.  
Giant Double Snowdrop.—Price, 3 cents each; 30 cents per dozen.

With each order we send instructions how to plant, grow and care for all kinds of bulbs, both for house and garden culture.
THE BERMUDA BUTTERCUP OXALIS.

An Unrivaled Winter Flowering Pot Plant.

This is one of the finest Winter flowering plants for pot culture that we have ever seen. It is such a strong, luxuriant grower that one bulb will be sufficient for a six or eight-inch pot. Place in a dark, cool position for a few weeks to root thoroughly, and remove to a sunny situation in the window or conservatory, in a temperature of about 60 deg. Fahrenheit, and the great profusion of bloom produced in uninterrupted abundance for weeks will astonish and delight you. Flowers of the purest bright buttercup yellow. Well grown plants have produced as high as seventy flower stems at one time, and over one thousand flowers in one season. The flowers, and frequently the leaves, fold up at night and open again the next morning, but when grown in a partially shaded situation the flowers remain open all the time. Property treated, the plants will flower in six weeks from the time the bulbs are planted. We do not claim the Bermuda Buttercup Oxalis to be strictly a new plant, but a greatly improved selection from Oxalis Cernua, grown in the congenial soil and climate of Bermuda until the bulbs have attained great strength, producing bulbs, plants and flowers larger and more luxuriant in all parts than the type. Exceeds all bulbous plants in perfection of bloom. It is graceful, and delights all who see it.

Price, 5 cents each; 50 cents per dozen.

OXALIS.

These varieties of Oxalis are all for Winter blooming. They make the most beautiful hanging pots and baskets, producing a mass of flowers all Winter, which in brilliant and beautiful colors are truly charming. Winter blooming Oxalis are always sure to please. Plant five or six bulbs in a six-inch pot. They commence growth immediately after planting. Our mixture embraces pink, white, yellow, red, etc. Price for a mixture of all colors, 3 cents each; 30 cents per dozen.

THE FLORAL FIRE CRACKER

(Brodiaea Coccinea.)

This beautiful and interesting Winter blooming bulb is a sort of Brodias, but entirely unlike any other variety in both form and color. It is a striking beauty, and one that catches every eye. Its blooms are borne in clusters at the end of long, slender stems, and droop like a Fuchsia. They are two or three inches in length, of a deep, bright, crimson scarlet color, tipped with green and white. It is among the easiest of all bulbs to grow, and it is sure to succeed and bloom elegantly with any one. Pot the bulbs at any time during the Fall, and treat them as recommended on leaflet accompanying each order. In this lovely flower our friends will find a most beautiful and novel thing, and unlike anything you have ever grown or seen. Price, fine bulbs, 5 cents each; six for 25 cents.

Freesia Refracta Alba.

No description can do adequate justice to this beautiful plant. The flowers are two inches long and about the same in width, shaped like miniature Gladioli. Born in clusters of six to ten on depressed horizontal scapes. The body of the flower is pure white, with lower segments spotted lemon yellow. The perfume is most delicious, being a mixture of Mugunette, Violet and Jasmine, and one plant is sufficient to perfume a large room, without the overbearing perfume of Hyacinths or Tuberoses. The plant has tooth-shaped bulbs and flat, spreading leaves. Its cultivation is of the simplest, requiring only to be potted in October, to be watered sparingly at first, placed in a sunny window and watered more as growth progresses. When out of flower store in some place and repeat at proper season in fresh soil for another year’s growth. Price, 5 cents each; six fine bulbs for 15 cents; twelve for 25 cents.

CALLA LILIES.

Everyone needs a Calla for Winter bloom. Here are the best.

The Dwarf Calla.—Grows ten to fifteen inches high, and produces many blooms. Price, 50 cents each.

Calla Ethiopica.—The old-fashioned sort. In three sizes. Price, small bulbs that will bloom, 10 cents each; large bulbs, 25 cents each; extra large bulbs, 50 cents each.

Black Calla.—(Arum Sacrum.) A freak of nature, and very odd. Price, 50 cents each.

Yellow Calla, Hastata.—Lovely yellow flowers. This is becoming quite popular. Price, fine bulbs, 50 cents each.

SPECIAL OFFER—the Set of Four Distinct Callas for $1.00.

IRIS—FLOWERING FLAG.

(Fleur-de-Lis.)

The Iris are fast coming into favor. They are entirely hardy, and increase rapidly when planted in the flower garden. They should be planted in the Fall.

Iris, Susiana.—If every lover of flowers could see this grand plant in bloom, we really believe not one in a hundred would refuse to pay a dollar each for one or more bulbs of it. Among all flowers there is hardly one of such oddity and striking beauty. The bloom is of enormous size, and in describing it we say "it is chocolate and black mottled, beautifully veined with grayish white," yet from this one can form a correct idea of how the plant looks. It is indescribable, and the plant will be surprised when he sees it. It is perfectly hardy, and blooms in May. In July the foliage dies down, and the bulbs lie dormant until late Fall or the next Spring. Try it, and when it blooms you will undoubtedly pronounce it the most beautiful flower in your garden. Ready in November. Price, 25 cents each; three for 60 cents.

Iris, Hispanica.—(Spanish Iris.) The Spanish Iris are grown in England by the millions for cut flowers. Perfectly hardy. They are very recommendable. The colors and shape of the flowers resemble the most beautiful Orchids. The colors are very striking, while the substance of the flower is much more permanent than the other varieties of Iris, causing them to last in bloom much longer. Don’t fall to try a bed of Spanish Iris. We offer them in three colors—sky blue, pure white, and golden yellow. Price, 3 cents each; six for 15 cents; 40 cents per dozen; $2.00 per hundred.

Iris, Favorita.—(Peacock Iris.) This beautiful Iris is very attractive. It is a sky blue color, with a peacock eye of dark blue on each of the petals. It certainly is a gem. Price, 5 cents each; six for 25 cents.

Note.—The Iris are perfectly hardy and should be planted in the Fall for Spring blooming. Every bulb will flower the first year with the exception of Iris Susiana, which is shy in bloom until well established.
Ornithogalum Arabicum.

We introduce this as a new Winter blooming bulb of great beauty and value. Here is a plant which blooms amid Winter blooming bulbs or plants. Even the grand Hyacinth must be preceded by the stately beauty of this flower. It is a native of Spain. Bulbs and soil, closely in analogy that of a Hyacinth and requiring exactly the same culture. Leaves long and narrow; flower spikes eighteen to twenty-four inches high, bearing in immense flower clusters of large, pearly white flowers, having a jet black center. The individual flowers keep perfect mantles in Winter before the snow. Its durability is almost without an equal among flowers. Add to this its delicious fragrant fragrance, and we have a Winter bloomer which all must admit stands without a rival. Its culture is the easiest, as it will grow in any position in any window. A pot in the cellar will produce a fine plant and for more than a month this grand spike of bloom is in full glory.

Amaryllis Johnsonii.

Lovely bulbous plants for Winter or early Spring blooming. Give plenty of water while growing. When through blooming gradually withhold water, so that they may become dormant during the Summer. Start again in the Fall by reporting in fresh soil and increasing the supply of water gradually. This is the large crimson variety which is very popular. Impressive Lily-like flowers of the largest size. Value, fine, bulbs 50 cents each.

Allium Neapolitanum.

This plant has graceful leaves from eight inches to a foot long, one dark purple, the other a very cheerful mass. Each plant bears from one to three scapes or trusses of flowers, which are white, five to six-fourth of an inch in diameter. Many of the trusses bear over one hundred yellow flowers each. Price, 3 cents each; 30 cents per dozen.

HOW TO GROW BULBS IN THE HOUSE.

The past two Winters we have found out the best and prettiest way to force all kinds of bulbs in the house. “No one is too old to learn,” is a true saying, and we have found it true in the manner of forcing bulbs. Our knowing how to force bulbs comes through our mother, from whom we learned much that is true and beautiful. This is the wise beautiful woman that we wanted force the whole house during the bleak, dreary Winter months: Take common forcing pots, place a little lime and peat in the heater, in which are used to carry bulbs indoors (they are bucked at any grocery store), fill with good, rich soil, and plant Hyacinths, Narcissus, Freesias, and in fact, any of the bulbous plants only one kind of bulb in each basket. In one put Narcissus, in another Hyacinths, and to. On. When planted, water and carry to the cellar. After letting stand for a few weeks so as to become rooted, bring them in a living-room (not too warm), water freely, and you will be surprised how easy and what beautiful flowers you can have. They need not be all brought up from the cellar at one time, but a few baskets at a time, and you will thus prolong the blooming several months, for as fast as the ones are through blooming remove the baskets to the cellar and replace with other baskets that have been planted. We advise all our friends who try this to be succeeded, as the baskets are much better for the bulbs than flower pots.

ROSES FOR FALL PLANTING.

OUR ADVICE TO OUR PATRONS IN THE SOUTH IS TO TRY PLANTING ROSES IN THE FALL.

SAMPLE COLLECTION OF 20 ROSES FOR $1.00.

Burbank.—Color clear pink. This is claimed to be an improved Herness, which is saying a great deal for it. Hardy.
Clothilde Souvent.—The people's favorite; deep flesh color, outer petals white. Grand.
Enchantress.—Creamy white, tinted buff in the center. Deep of York.—Flowers vary between rose pink and white, tipped with red. It is a very showy and handsome variety.
Henry M. Stanley.—The color is a rich shade of amber rose, deep red, tinted with apricot yellow towards the center. Very desirable.
La France.—This is everybody's favorite Rose. A peach colored pink variety that is hardly. Deliciously fragrant.
Monseur Furtado.—This is claimed by some rosetrians to be the very best yellow Tea Rose. The buds and flowers are very double, and it makes a handsome bush.
Madame Larbarr.—A strong growing variety, with large, handsome flowers, the richest hue. Deep rose, flushed with bright red, reverse of petals pink. Its worth is being fast demonstrated.
It is one of the prettiest and sweetest of all Roses. Of a faultless straw yellow color, outer petals washed with bright rose crimson.
Marion Dingre.—Deep brilliant crimson. One of the darkest, if not the very darkest, richest colored Tea Rose in existence.
Madame Abel Chatenay.—This Rose is of the Tostout family, which is doing so much in the way of hybridizing and flowers, which are of a deep rose color. Large and handsome and very fragrant. Fast becoming popular.
Marcelle Cochard.—We consider this to be the grandest of All Roses. A lovely shade of pink, shaded yellow.
Meteo.—The best rich red Rose; dark velvety crimson.
Mary Honore Defrance.—A lovely yellow Rose. None better.
Madame Schwaller.—Probably the very best pink garden Rose. Very desirable.
Queen's Scarlet.—The freest blooming of all red Roses. The color is velvety crimson. Entirely hardy.
The Queen.—This is the hardest of all the white Roses belonging to the Tea varieties. It is a beauty.
Triumph de Pernet-Pere.—A new red Rose that is fast becoming popular.
White LaFrance.—Identical with La France, except in the color of its foliage, which are pure white, sometimes shaded with delicate fawn.
White Maman Cochard.—The best white garden Rose. Extra fine.

LIST OF BEST CLIMBING ROSES.

PRICE, 10 Cents Each; Six for 50 Cents. Large, Two-Year-Old Plants, 35 Cents Each. Except Where Noted.

Alister Stella Gray.—(Golden Rambler.) This is a grand Rose. We like it better than Yellow Rambler (Aglaisa), although not so quite hardy.
Clifton Paul Neysor.—(Madame Wager.) Large pink flowers of magnificient satin rose color. Extremely beautiful.
Climbing Rambler.—This is the wonder of the age. No Rose will cause you more pleasure. Astonishes everybody who sees it. Bright scarlet in immense paneties of fifty or more blooms. Magnificent. Hardy.
Cloth of Gold.—Clear golden yellow.

Mrs. Robert Peary.—The greatest of all climbing hardy Roses. Large size buds and flowers of the purest white. This is a grand Rose.
Reine Marie Henriette.—Cherry red. Sweet scented.
White Rambler.—Large size buds and flowers. Very handsome.
Waltham Queen.—Rich, red flowers of magnificent size.
W. A. Richardson.—Orange yellow. Coppery shades.
Yellow Rambler.—This means next to Climbing Rambler for beauty. It is the only hardy climbing yellow Rose. Cannot be praised too highly. Hardy.
Zelda Pradel.—Pure white. Full and sweet.
We have taken great pains to cull from this list Roses of no special value. Our customers can rely on the Roses in this list to be the best of the old and new varieties of ever-bloomers. These Roses will all bloom next Summer if planted out this Fall.

Price, 10 cents each; any six of your own selection for 50 cents; any fifteen for $1.00. Large two-year-old Roses, from this list, 30 cents each, or four for $1.00.
EVER-BLOOMING ROSES,
Price, 8 Cents Each.
YOUR SELECTION. ALL STANDARD VARIETIES.

We will send strong plants from this list, your selection, for only 8 cents each. Or you may select sixteen choice Ever-Blooming Roses from this list for only $1.00. Any eight for 50 cents.

OVER ONE AND A HALF MILLION ROSE PLANTS SOLD EACH YEAR.

Remember, that our large two-year-old Roses will cost you 20 cents each from this list. Six for $1.00. These are superb plants. The best you have ever seen. Look over this list and see if many of your old favorites are not here.

Adam.—Bright flesh salmon Rose, extra large and double.
Alba Rosen.—Beautiful rose colored center, shaded blush.
Aline Sisley.—Violet rose, a fruity, pleasant fragrance.
Andre Schwartz.—Beautiful crimson; free flowering variety.
Anna Olivier.—Lovely blush, shaded with carmine.
Antoinette Verdier.—A rich, dark carmine pink; very free.
Apoline.—Clear pink, dashed rosy carmine.
Archduke Charles.—Brilliant crimson scarlet, shaded violet.
Bella.—Pure snow white, long, pointed buds. Tea scented.
Bon Silencio.—Deep salmon rose, illumined with carmine.
Bougere.—Bronzed pink, tinged with lilac. Large and full.
Canary.—Light canary yellow, beautiful buds and flowers.
Charles Rovelli.—A lovely shade of brilliant carmine.
Comtesse Riza du Pare.—Coppery rose, tinged soft violet.
Crimson Bedder.—Bright fiery red, velvety. Recommended.
Devonciss.—Creamy white. Magnolia fragrance.
Douglas.—Dark cherry red, rich and velvety, large and full.
Duchesse de Thuringe.—Beautiful silver rose, finely cupped.
Empress Eugenie.—Lovely pink color. Much admired in the South.
General Tartas.—Deep mottled rose, sometimes tinged buff.
Homer.—Soft, clear rose, with a salmon shade; splendid.
Jules Flinger.—Bright rosy scarlet and intense crimson.
Joseph Maretal.—Carnation red, passing to carmine. Extra.
La Sylphide.—Blush, with fawn center; very large and double.
Louis Philippe.—A rich, dark velvety crimson; free and beautiful.
Maurice Rouverie.—Pink, shaded buff and crimson, bordered white.
Madame Martha Dubourg.—Creamy white, edged deep rose. Beautiful.
Marquise de Vivens.—Deep red, shaded salmon, yellow and fawn.
Miss Edith Gifford.—Lovely white, flushed with rose. Beautiful.
Madame Bravy.—Creamy white, large, full, very symmetrical.

Madame Caroline Kuster.—Bright lemon yellow, very large.
Madame Danatzin.—Salmon rose color, changing to amaranth.
Madame de St. Joseph.—Carmine, changing to salmon or fawn.
Madame de Vatry.—Red, shaded with salmon. Good form.
Madame Jean Sisley.—A pure white. An elegant rose.
Madame Joseph Schwartz.—White, flushed pink, cupped.
Madame Jure.—Lilac rose, good size and substance; fragrant.
Madame Lambert.—Rosy bronze, changing to crimson.
Extra.
Madame Margottin.—A citron yellow, with coppery center.
Madame Pauline Labonté.—Salmon rose, large, full and sweet.
Marechal Robert.—Pure white, tinged and shaded rosy blush.
Marie Ducher.—Rich, transparent salmon, with fawn center.
Marie Van Houtte.—A lovely pale yellow, suffused with pink.
Monsieur Furtado.—Yellow, well formed, very full and fragrant.
Pink Daily.—Light pink flowers, produced in clusters.
Purple China.—Rich purplish crimson, velvety.
Princesse Hohenzollern.—Deep, rich red. Very handsome bud.
Princesse de Radziwill.—Double; bright rose and carmine.
Safrano.—A bright apricot yellow, changing to orange and fawn.
Sombreuil.—Beautiful white, tinged with delicate rose.
Souvenir d’un Ami.—Fine, delicate rose, shaded with salmon.
Triomphe de Luxembourg.—Rosy carmine on a buff ground.
Virginia.—Light yellow, tinted with suffron.
Viscountess Wentworth.—Belongs to the Brabant family. Beautiful red, amber and salmon.
Vividiflora.—The flowers of this variety are pure green.
Vallee de Chamonix.—Glowing copper and rose. Lovely.
White Daily.—Pure white, beautiful long, pointed buds.

GOOD & REESE’S ROSES ARE ON THEIR OWN ROOTS.

“MID-WINTER” COLLECTION OF EVER-BLOOMING ROSES.

All new kinds. We have made a selection of the very best Roses for Winter blooming, embracing a wide range of color. We can commend this collection to all who desire to grow Roses in the house during Winter. Price for the collection of six choice “Mid-Winter” blooming Roses only 50 cents.

Bon Silene.—Deep rose, illumined with bright red. A grand Winter bloomer. Very sweet.
Isabella Sprunt.—Flowers freely during the Winter. Flowers of the richest yellow color.
The Bride.—The best Winter blooming white Rose. Planted by the million by growers of cut flowers. None superior.

REMEMBER, this entire collection of six “Mid-Winter” blooming Roses for only 50 cents. Or these six “Mid-Winter” blooming Roses in two-year-old size for $1.25.

We have not space in this small book to name a long list of Roses, but we will refer all our patrons to our last Spring’s catalogue for list of varieties and prices. We can furnish any variety there catalogued for 10 cts. each in small size, or 25 cts. each in large size.
WORLD’S FAIR PRIZE-WINNING CHRYSANTHEMUMS. TWENTY FOR $1.00.

All Prize-Winners. You may select any ten of these Chrysanthemums for 50 cents.
NOTE.—We can furnish any variety of Chrysanthemum in our Spring Catalogue for 5 cents each.

The following new Chrysanthemums are all prize-winners. Those wishing to compete for prizes at exhibitions should not fail to get this Prize Set. They embrace a wide range of color, and in size many of them are enormous, often measuring twelve inches in diameter. They are the very best Chrysanthemums ever offered. If you do not wish all of them yourself, get a neighbor to send with you and divide with him.

SUNDEW.
An exhibition bronze. This is an elegant grower. The flower is of immense size, crowded with petals which are stiff and of great substance.

DEFENDER.
This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is the richest velvety crimson, which in the flower itself is soft and velvet-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This, the popular form, combined with the splendid color, stamps Defender as a Chrysanthemum of rare merit.

AUTUMN GLORY.
There is nothing like it in color, which is a reddish salmon upon opening and gradually changes to a soft shrimp pink when fully finished. The flower is of the largest size and takes on very great depth. Has attracted marked attention wherever grown.

GOOD GRACIOUS.
The first sight of it usually brings forth an exclamation of admiration. The color is also unique, being a delicate shade of peach pink throughout.

WESTERN KING.
In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. A perfect ball of snow.

BLACK HAWK.
Largest and most beautiful dark crimson scarlet yet raised. Looks like crimson velvet, and does not show a trace of reverse color.

BOUNDLESS SNOW.
A most lovely and attractive variety. The color is white, flushed pink, gradually becoming pure white.

HENRY W. LONGFELLOW.
A finely rounded, incurving white variety, with broad petals, and of large size. Sometimes the bloom is flushed with pink, and resembles a large ball of fine ribbon. Very desirable.

Pennsylvania.
A soft deep yellow that appeals to the eye, and at once becomes a favorite. The flowers are of uniform size, well developed, and make an object of beauty not soon forgotten. It is probably the finest yellow for cut blooms or exhibition ever produced.

Incurred Chrysanthemum

BELLE OF CASTLEWOOD.
The color is a soft lemon, suffused with pink. This is the variety that took the silver cup at Madison Square, offered for the best pink seeding.

WILLIAM H. CHADWICK.
A phenomenal variety of the year. Waxy white color, occasionally rose tinted. It cannot be praised too highly.

MISS GLADYS VANDERBILT.

SOLAR QUEEN.
A first-class variety, large, nicely finished, snow white flower, of rounded form, full to the center, slightly curved.

DOROTHY SPAULDING.
Massive flower, with broad, cupping petals. Valuable for its size. Color rosy pink. A most lovely and charming variety.

HER MAJESTY.
Color white, shading to pale lemon, stiff stems and nice foliage. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year.

GOLDEN TROPHY.
The color is a deep, rich yellow, the half-expanded flower incurving. In the fully expanded flower the petals are relaxed, showing a yellow disc. We have no hesitancy in saying that we regard this the best of all yellow Chrysanthemums.

MARQUIS MORTEMARTE.
A superb, clear Mernet rose pink, petals thick and heavy, cup-shaped, solid to the center, immense in size, having been exhibited eleven inches across.

LORNA DOONE.
Purist snow white in color, very broad, heavy, deep flower, measuring fourteen inches in diameter. When the flower is several days old the outer petals curl and interlace. Probably the largest of all whites.
Every Chrysanthemum on this page has won a gold medal. Indeed, some of them have won several. You can order from this list with the assurance that any one of them will be beautiful. The price at which we offer them is very low, as you will see by comparing them with any flower catalogue published.

**Price.** 6 cents each; any twelve, your selection, for 50 cents.

---

**Ada Spaulding.**—Too well known to need description. Pink and white, of globe shape, largest size. A very choice flower, the petals are trumpet-shaped, and are arranged to form a perfect ball. A sensational variety.

**Adoration.**—A soft, pure creamy white, each petal tipped with shell pink, petals of irregular lengths, like satin ribbon. A very excellent and immense bloom of the brightest red, reverse chrome yellow.

**Beau Ideal.**—A bright rose pink, without touch of lavender shading. The form is large, the petals horizontal, showing the bright pink, the incurving center showing a lighter shade.

**Challenge.**—A perfect globe of deep golden yellow, of immense size. Has won gold medal and over fifty first prizes.

**Clinton Chalfant.**—A magnificent golden yellow, upright, Dahlia-like petals, forming a finely rounded fleshy, Magnum centifolium. Exquisite. The petals are upright and show the bright pink shadings at their best. In color it is a deep, clear pink.

**Edward Hattie.**—A fine house of bright spherical, quite double. The color is a soft yellow, suffused with pink.

**Eva Hoyt.**—A immense double Japanese bloom, of clearest and brightest yellow, a solid golden ball. A grand variety.

**Eda Pears.**—A showy Japanese variety. Inner side of petals a rich crimson, outer side the softest white, with a crimson shade. Petals have a peculiar manner of twisting or curling, showing the reverse color. When fully expanded they display the red shade. Stems are strong, and flowers a beautiful pure pink of large size, borne on stiff, erect stems, upper petals incurve to center, while the under ones reflex closely to the stem, forming a round ball. Petals are pure white, reverse golden yellow.

**Fishet's Torch.**—A pure, deep scarlet. An entirely new shade, quite full and flat, all of one tone of color. This is something.

**Flora Hill.**—Probably the finest white in existence. An immense bloom of the purest white. Petals are feathery, incurved with white. One of the finest, and no collection is complete without it. It is indeed gorgeous in its color and bearing.

**Frank Thompson.**—A fine pearly pink variety, shading to white. A fine grower, with stiff stems. Superb.

**Goldilocks.**—A dense, bright golden yellow of shining texture, very large in size. A fine exhibition sort.

**Gorgeous.**—Deep golden yellow of the richest hue, of immense size. The petals are feathery, incurved and white. One of the finest, and no collection is complete without it. It is indeed gorgeous in its color and bearing.

**Gretna.**—No Chrysanthemum has created such a sensation as this. Of immense size and of the richest deep, velvety brown, with crimson reverse.

**Gretnasburg.**—Another gold medal variety. Of the richest crimson, and of enormous size. A great favorite.

**Hammer.**—A very choice flower of those desirable fine pot flowers should plant this variety extensively. It had no rival until Mrs. Craig Lippincott and E. Dalliedonze came upon the market. A very choice one.

**Helen Bloodgood.**—A pure, clear pink, without a trace of purple or magenta, globe form, a grand flower.

**Hicks.**—White, of old gold or amber. When fully open the flower is almost spherical.

**Interocitrus.**—An ivory yellow, very massive in build. This variety is in every garden, and a favorite with children. It is of six inches in diameter, and when grown to a single stem, ten inches, pure white.

**King's Daughter.**—Fine, pure white snow, center petals irregularly drooping. Stout stem, very showy, loose, pure Japanese style, flowers very large.

**Klato.**—Very large, incurved yellow, strong; free grower, extra fine. Good for cut bloom. Does well as large specimens.

**L. Canning.**—One of the most highly prized among whites. It is of immense size and of the purest white.

**Lillian E. Bird.**—A beauty in every respect. Of the very largest size, long, tubular petals, of perfect form, producing flowers which are twelve inches in diameter, and when grown to a single stem, ten inches. Pure white.

**Miss Gladys Spaulding.**—One of the very best whites ever produced. A large, round, exceedingly well built flower. Magnificent. Mrs. J. C. Spaulding, Lawrenceville, Ill., admires the variety. He was at the Indianapolis show. Very large, flat flowers of regular rosette shape, the ground color is pure white, and on this is a large, bright crimson, the reverse is a brilliant orange.

**Miss E. E. McCovey.**—The purest white of all. An immense bloom, the most loved by all of Chrysanthemums. The flowers are very numerous, always perfect, some being entirely outside the softest white, with a deep flush of pink through the outer half of the flower curving over the center, sometimes tipping the inner petals.

**Mrs. C. H. Wheeler.**—Very large and perfectly formed flowers. A perfect incurve, outside of petals a bright orange, inner petals a dark crimson, reverse golden yellow or orange. A very large and showy flower, quite distinctive. A very beautiful flower. In the Fall show, almost a pure self-pink.

**Mrs. J. Lewis Childs.**—The enormous flowers are as round as a ball, and in color the best flowers exhibited at the Fall shows. Almost a pure self-pink.

**Mrs. John Wannamaker.**—A superb variety of perfectly incurved form, resembling a flat ball of wool. Color pink and white by far the largest, in this line of color. A large, grand flower.

**Mrs. Laugtry.**—A perfectly formed, flat flower, of unusual size and perfection. Showy in color, with broad bands or ribbon petals.

**Miss E. G. Hill.**—The blooms are eight to ten inches in diameter; the color is a delicate lavender pink, petals incurved. The display of this variety at the World's Fair attracted all populous, and it was greatly. It was the winner of twelve first prizes and gold medal.

**Mrs. Cleveland.**—A pure white variety, with long, tubular petals, of type the best known. Color white, reverse full. Large, very good. Mikado. Exquisitely fringed flowers of crimson and gold, curved and plated, of irregular form. It is gorgeous beyond description.

**Mrs. A. Carnegie.**—A bright, deep crimson, reverse of petals a shade lighter, broad, long, flat, of leathery texture, incurving the first outer rows of petals, and shows a distinct distinction of Peony; strong, erect, with heavy footstalks.

**Mrs. Anthes.**—A splendid flower. The flowers have an immense spreading flower, which has been produced eleven inches across, the individual petals being one and a quarter inches across, at first very flat on the outside, which, as the flower matures, when fully expanded it has the appearance of a bunch of white ribbon. Invaluable for cutting.

**Mrs. E. L. Lennox.**—A deep, true scarlet, recurved white, with interlacing petals, outer ones reflected closely around the stem, inner ones being fully open to the center, forming a plume-like form.

**Mrs. G. T. Charter.**—A handsome variety of pure pink, very showy, in size and form, and a magnificent addition to the collection. Very early, large, flowering varieties; has attained great popularity.

**Mrs. L. C. Maderia.**—A perfect, compact globe of bright orange, petals a vivid crimson, reverse deep yellow. Blossemation strong, stems stiff, flowers large and of the heaviest substance.

**Mrs. A. J. Drexel.**—A very early, large, flowering variety, half spiraling in form. It is one of the longest lasting varieties, of brilliant orange, rich, of fine form, the bloom of the best Chrysanthemum flowers up to date.

**Mrs. W. K. Vanderbilt.**—One of the finest in the entire Chrysanthemum world. Large, grand flower, the purest white.

**Norwood.**—Very delicate pink, perfectly incurving, broad petals, extremely delicate in color and finish; extra good.

**Purger & Manda.**—Who ever heard of Chrysanthemums having two distinct colors in one flower? But that is just what Pitcher & Manda is. The outer five or six rows of petals are pure white, and of Dahlia-like form, while the center is a bright deep yellow, the two colors being sharply defined. Won gold medal.

**President Wm. R. Smith.**—An immense cupped flower. Outside petals salmon red, center a deep Indian red. Enormous, free and distinct.

**Robert McKone.**—The color is bright scarlet and gold, while it is full to the last degree, a perfect globe in form. It is quite early, being in full perfection the last week in October, and can be had earlier. Very brilliant in appearance, as well as great size and form. One of the very grandest of last year's introductions.

**Sneaky.**—Everybody's Chrysanthemum, being a fine grower, and producing flowers of large size and great substance, the very best gold medal. This year has given us two of our grandest whites, Queen and Nyxus, and nearly equal in merit and totally distinct.

**W. H. Lincoln.**—A perfect, globular, all of one form and shape. Splendid for cut flowers, and a magnificent bush plant.

**Wenonah.**—(Blushing Bride.) The base of the petals is pure white, the edges a deep pink. This variety is one of the best and most admired, and we have grown a great quantity of them for this year's sales. Very beautiful.
Geraniums for Winter Blooming.

FOR COMPLETE LIST OF ALL KINDS OF GERANIUMS, SEE SPRING CATALOGUE.

We will allow you to select any Geraniums in our Spring Catalogue, except those named here, at 10 cents each: ten for 50 cents: twenty for $1.00.

THE TEN BEST DOUBLE GERANIUMS FOR WINTER BLOOMING.

White Swan.—The New White Double Geranium. In the White Swan we have the finest double white Geranium ever introduced. It is a dwarf, compact-growing variety, with handsome, hounded foliage of a light, healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are a spotless snow white, retaining their pure whiteness even in the heat of summer. In the fall the plants can be taken in the house, where they will again bloom profusely. One hundred and four trusses and buds have been counted upon a single exhibition plant. The White Swan Geranium astonishes all who grow it.

Crimson Velvet.—Large, round florets of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent polyantha variety.

Harriet Thorpe.—The handsomest light flowers we have yet seen. Delicate blush, with pearl pink, the edge of each flower having a wire-like edge of deep pink.

Madame Hoste.—Umbels large and borne well above the foliage. Flowers of enormous size, color flesh, lined and shaded with bright salmon. One of the very finest in the collection. Shading simply exquisite.

Clara Kisker.—Large trusses of well expanded flowers of a bright scarlet, toned and flamed with a rosy salmon, and a flower of most expressive appearance, and one that will be much admired by all.

Emil de Girardin.—Of a deep, soft rose, rather than pink, but fresh and bright. The blossoms are perfect in form, and borne well and clear above the foliage.

Fire Brand.—Color a dazzling flame scarlet, fine, prominent truss. Flowers large and of great substance. An excellent bedding and pot plant.

Sir Walter Scott.—Color a beautiful vinous rose, with distinct white center. This variety produces fine individual florets, and combined with its other good qualities, makes it a valuable Geranium.

Gertrude.—Color of the flower a clear bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture.

THE TEN BEST SINGLE GERANIUMS, ALL NEW KINDS.

Price, 10 cents each; or the set of ten for 75 cents.

Lansdowne.—A soft, deep scarlet, florets large and round, and formed into large trusses, borne with the greatest freedom.

Marguerite de Lavigres.—Plants a mass of white bloom, trusses of the greatest size, florets extra large and of the purest white. It is by far the best single white.

L'Immortelle.—Dwarf and bushy, very free, trusses large. Color lavender and light blue, petal included. A diamond-shaped 'eye' of lighter color.

Swanley Gem.—A grand new Geranium of the brightest shades of rich, dazzling scarlet, with a large, distinct white eye. A truly magnificent flower.

Electric Light.—A beautiful shade of vermilion scarlet, large and perfect in form. Its most distinctive feature from existing varieties is its perfectly pure white, large eye.

Afterglow.—A light, clear salmon, blended with darker shades, with center of pure white, edge of petal white.

Vivre l'Amerique.—A fine specimen of the new combination, white marbling of color, heliotrope pink, with touches of purple. Flowers of immense size; habit dwarf and very free. Fine trusses on long stems.

Christopho Columbus.—Enormous trusses, freely produced, a bright flame scarlet, very distinct, fine, bushy growth.

Poete National.—Color as delicate pink as Rose Baronne Rothschild, deepening to a soft peach bloom—a mingling of shades heretofore found only in the "Lady Washington" class. A perfect single Geranium of an entirely new shade.

Arc en Ciel.—The trusses of this variety are extra large, immense florets. The shades are beautifully blended. The three upper petals have soft rose centers, shading into scarlet edges. Two petals are scarlet, then rose, then orange near the center. Texture velvety.

SPECIAL OFFER.—The Ten Best Double and the Ten Best Single Geraniums Sent Postpaid for Only $1.25.
The Wonderful New Lemon, **PONDEROSA.**

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On one plant six feet high no less than eighty-nine of these ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. It is not uncommon to make twelve lemon pies from one Lemon. We have the entire stock of this ponderous Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow their own Lemons; it will fruit freely the second year. Thrifty young plants, 25 cents each. Large two-year-old plants to bloom and fruit at once, 60 cents each.

**OTACHEITE ORANGE.**

An Elegant Plant for Winter Decoration. None Finer.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern orange groves. Otacheite flowers immediately after flowering, bearing fruit about one-half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique Orange cannot be equaled as a Winter blooming pot plant for house culture, and is of the easiest culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. A very dwarf Orange is one of the most novel and beautiful that can be grown. Price, 10 cents each, large, strong plants to bloom and bear profusely at once, 25 to 40 cents each.

**OLEANDER.**

Double Yellow, Double White, and Double Pink.

Semi-double flowers of pleasing and satisfactory shades. Price, the yellow variety, 20 cents each; the white variety, 15 cents each, the pink variety, 10 cents each.

**NEW LEMON, PONDEROSA.** One-fifth the Natural Size.

**NEW ASPARAGUS, SPRENGERI.**

When introduced, at a high price, a little over a year ago, this plant was received with some little hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for cut-flower work, but grown in suspended pots it makes one of the prettiest decorative house plants we know of. It is really handsomeest seen drooping gracefully from a pot or basket. Sprays from four to five feet long, of bright green feather foliage, and as it will withstand dry atmosphere and grow well in shade or sunlight, it is decidedly the most useful and suitable parlor plant. The flowers are white and very fragrant, followed by bright red berries. Mr. H. H. Battles, the well known floral artist, says: "Grow all you possibly can of it; it's a grand thing." It is not only a plant that will be used extensively by florists for cut-flower work, but it is decidedly a useful and decorative parlor, table and window plant. It is harder than any other Asparagus, can even be grown in open ground, and under good treatment will make specimens four to five feet across in one year—plants which have sold at $3.00. We have so much faith in it that we are growing 10,000 plants of it now. Price, strong plants, 10 cents each.

**NEW ASPARAGUS, PLUMOSUS NANUS.**

This graceful climbing plant has, to a great extent, taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any condition. Price, 10 cents each.

**SMILAX.**

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 5 cents each.
CAMELLIA JAPONICA.

The royal family of greenhouse plants. Leaves glossy green, and flowers of the most exquisite beauty and waxy texture. From pure white to crimson, in almost endless variation. The pure white ones are generally prized above the colored varieties. Their culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hortus season. Their time of blooming is Winter and early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering — when left too dry the buds are sure to drop. Price for large, shapely, strong plants, two to two and a half feet in height, 75 cents each.

Sarah Frost.—A bright crimson. Price, 15 cents each.
Queen of Denmark.—Salmon rose, fine form. Price, 10 cents each.
Loiris, rising to Blush.—Flash color. Extra fine. Price, Jenny Lind.—White, with pink stripe.
Fimbriata.—Clear white, with the petals closely fimbriated. Carmot Shop.—Clear blush rose. One of the best. Price, 1.25. America.—Blush, mottled with rose. Camelina Alba Plena.—Double white, very fine, and the best white.

PRIMROSES.

The following three fine sorts for 20 cents.

Primrose Oenobriana, the Ever-blooming Variety.—White, with lavender tints. Price, 10 cents each. Alba Magnifica.—The finest white, with greenish yellow center. Price, 10 cents each.

Primrose Splendens.—A deep rose, with a yellowish throat. Price, 10 cents each.

Ficus Elastica. India Rubber Tree.

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long coral red envelope, looking like a bud of cartilage. A very fine plant for the lawn or bay window. Price, due, strong plants, 50 cents each; large plants, $1.00 each.

ARACUARIA EXCELSA.

Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Wood Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances, with a symmetry of form, grace and beauty of foliage unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Indeed, as a decorative plant for the house this is one of the handsomest and most serviceable plants in our collection. Extra fine plants, 15 to 18 inches high, $1.50 each; 12 to 15 inches high, $1.25.

Rex Begonias.

We have a fine "named set" of Rex Begonias, but limited space will not admit of our giving them here. Price, 15 cents each.

We will select four of our choicest sorts in fine plants for only 50 cents; two for 25 cents, ten different varieties for $1.00. Order a set of these fancy Begonias and see how much better they are. They must be admired. So many of our customers write us: "Begonias are fine, but I have no luck with them." We will give you five principal sorts, and if you follow, we are sure of success with Begonias as easily as with Geraniums. 1. Begonias delight in perfect shade. 2. Begonias are great feeders, hence they like a good, rich, loamy soil. 3. Begonias love moisture. Do not let them thirst one day and drown the next. 4. Begonias must be kept free from dust. Cover when sweeping. 5. Begonias must have drainage. Lumps in the bottom of pot will serve this purpose and keep the soil from souring.

Winter Flowering Begonias.

Thurstont.—We like this best of all the new Begonias. It is very much like Metallica, but it is a much better Begonia in every respect. The foliage is a glossy bronze green, with the undersides silver. Flowers an elegant pink, shaded white. Price, 15 cents each.

Argentea Guttata.—Pink and bronze leaves, with silvery markings, large bunches of white flowers. Price, 10 cents each.

McBethii.—Always in bloom, beautiful cut-leaf foliage, with small white flowers. Price, 10 cents each.

M. de Leesecup.—A very fine mix of purple, with fine, tropical foliage and elegant flowers. Price, 15 cents each.

Glossa de Lucifer.—Light-green, handsomely marked, with purple flowers. Price, 1.00 each.

Futs. 1.00 each. Price, 1.00 each.

Alba Perfecta Grandiflora.—Here we have a Begonia that has never been appreciated like it should be, as it is really elegant, and we doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. Pure white flowering Begonia. Price, 10 cents each.

Rubra.—If you have only one begonia this year, for it will prove a constant delight. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff gaikes in diameter, and having leaves that will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendent panicles of coral colored flowers as large as hands. A great red plant, and seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side. Price, 15 cents each.

Alba Picta.—It is shrubby in habit and compact in form, having long, slender, large-leaved flowers on short stems, thickly studded with silver white, the spots graduating in size from the center towards the margin. Price, 10 cents each.

Marguerite.—Leaves a bronze green, somewhat resembling Metallica, but growing in more bushy form and easier to handle when grown for market. Large trusses of light, rose colored flowers freely produced. Price, 10 cents each.

Sanderiana.—Coral Begonia. One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time. Leaves slightly edged with scarlet. Price, 10 cents each.

Nittida Roses.—A strong growing, profuse blooming variety, producing immense panicles of rose colored flowers. Price, 10 cents each.

Nittida Alba.—Similar in every respect to Nittida Roses, but with white flowers, so profuse as to literally cover the plant with large clusters of very waxy spray of flowers. Price, 15 cents each.

President Carnot.—A remarkably strong growing variety, of stiff, upright habit, foliage large and something in style of Rubra, but more than twice as large, upper side deep green, under side purplish red, flowers beautiful coral red in large pendulous panicles. Grand flowering variety. Price, 15 cents each.
The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand palms, and of the easiest culture.

**WASHINGTONIA FILIFERA.**

A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then again, there are but few of the best sorts which succeed well with ordinary window culture. It is therefore with pleasure that we are now able to offer one of the most beautiful sort in existence, and one that is hardy and robust enough to succeed anywhere, at a price which brings it within the reach of all. It has elegant, dark green, fan-shaped leaves from which hang thread-like filaments. The stem is a compact grower, well adapted to pot culture, succeeding in any situation and with any treatment that will keep a Geranium alive. It will flourish in any window, for anybody, making a grand ornament during Winter, and in Summer it can adorn a veranda, or be placed in the garden or yard, or used for a center in a vase, basket or flower bed—a always ornamental anywhere. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves, instead of round ones, do not think that a wrong sort has been sent you. Price, 50 cents each; three for $1.00.

**KENTIA FORSTERIANA.**

This is one of the finest pot plants imaginable and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living-room without injury. The leaves are a deep, glossy green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. Scarcely equalled. Price, 50 cents each; strong plants, $1.00 to $2.00 each.

**CYCAS REVOLUTA.**

Sago Palm.

The Cocos makes a magnificent specimen plant and is one of the most valuable plants grown for the decoration of the lawn or house. Their heavy, glossy, deep green fronds remind one of the gas mantles, and cold to which decorative plants are frequently exposed. Fine, shapely plants. By express, first size, with 12 to 16 leaves, $1.00; second size, with 10 to 12 leaves, $3.00; third size, with 7 to 10 leaves, $5.00.

**LATANIA BORBORICA.**

The well known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective in apartments. It is considered the handsomest and most valuable of all the Palms. Price, 25 cents each; fine plants, $1.00 to $2.00 each.

**COCOS WEDDELIANA.**

Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaflets or pinnae very fine, deep green above, white below. Price 60 cents each.

**ARECA LUTESCENS.**

A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of growth, fine color, graceful habit, and pleasing all. Price, 25 cents each; fine plants, $1.00 to $2.00 each.

**SEAFORTHIA ELEGANS.**

A most graceful Palm, eminently adapted for decorating greenhouse and garden. Makes a fine window plant. Leaves long, gracefully arched, dark green, and the whole plant is perfectly smooth. Price, 25 cents each; fine plants, $1.00 to $2.00 each.

**PHOENIX RECLINATA.**

This favorite Palm is beautiful in all stages of growth. No plant is more easily grown and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas—always air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves are large, pointed, of a cheerful green color; plant of hardy constitution, adapted to all decorative purposes, within or without doors. Price, 25 cents each; fine plants, $1.00 to $2.00 each.

**A GREAT BARGAIN.**

Four choice Palms, our selection, for 40 cents.

**NOTICE.** It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants and see long, narrow leaves, instead of the character leaves as shown in the illustration, do not think the wrong kind has been sent you.
The Divine Flower.

**ABUNDANCE.**—Flowers very large and perfect in form. Color a bright, rose pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarfs, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

**JUBILEE.**—Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers. Color a rich, bright, dazzling scarlet. We enthusiastically recommend this sort.

**DELLA FOX.**—Its color is almost indescribable. Of a rosy orange shade, striped and flaked with carmine, never bursts its calyx; is very free and early flowering, and can always be cut with a long stem, a most desirable feature in a colored Carnation nowadays.

**FIELD OF GOLD.**—This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out and out deep, rich golden yellow, without any other color whatever, under any circumstances. The flowers are large and double, as in Buttercup, and, taken all in all, it is the very best yellow Carnation on the market.

**FAIRY PRINCESS.**—This is the most beautiful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow white, delicately penciled with bright crimson. Elegantly fringed. A charming variety.

**JACK FROST.**—This variety is the largest white Carnation in cultivation. Often measures four inches in diameter. The flowers are of the purest white, with a tinge of frosty blue, making it one of the very best.

**BON TOX.**—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with the richest maroon, fringed petals, nearly every flower bearing on a long stem. This variety surpasses in richness of color the most perfect Jacquinotin Roses.

**YELLOW JACKET.**—The color of the flower is orange, flaked, and is broadly striped with delicate carmine. Very bright and attractive. Very fragrant. It has proved one of the finest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties.

---

**"Excelsior" Collection of New Carnations.**

**Price.** 10 cents each; any three for 25 cents.

**TRIUMPH.**—This variety has been greatly admired for its desirable color, wherever it has been seen, being a beautiful, pure, rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

**RETICULATUS.**—This is the most fragrant Carnations we have seen. Color a pure soft rose, a most continuous bloomer and distinct in color from other sorts offered. Greatly admired by all who have seen it growing here.

**SUNRISE.**—An entirely distinct color, orange ground, striped with carmine and yellow, double petals, rich and of rich color and fragrance, unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown. Large flowers, of orange color, certain to become a standard sort, as it possesses every good quality.

**HELEN KELLER.**—A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation red.

Both the "Peerless" and "Excelsior" Collections of Carnations, sixteen most distinct sorts, for only $1.00.

YOU CANNOT DUPLICATE THESE FOR THIS SUM ELSEWHERE.
NEW VIOLET, FARQUHAR.

Of all delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among the greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. Violets are now grown by the million and when they can be grown out of doors many ladies are planting them and furnishing the cut flower dealers of the cities with their supplies at a nice profit. We furnish the best cut flower varieties at $4.00 per hundred plants, by express.

Hardy English Violet.—It is also called Hardy Russian Violet. This Violet is entirely hardy, a deep violet purple color and most deliciously fragrant. It surpasses the well known “Marie Louise” Violet in richness of color being many shades darker, and far excels it in its delightful odor, this is one of its greatest merits. It will grow and bloom in any garden and in any situation. Nothing is more lovely flowers that resemble the Hardy English Violet. Price, 15 cents each.

Imperial, or Parma Violet.—(New.) This is, without question, the largest, richest colored and most highly perfumed of all the Violets. It blooms very freely, literally bending the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. Size of a silver half dollar. Price, 15 cents each.

Lady Hume Campbell.—A true ever-bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a lovely shade of the richest intense blue. It is a charming contrast with the white variety. Price, 10 cents each.

ABUTILONS.

These are handsome plants for window decoration in the Winter, and are very popular.

Souvenir de Bonne.—New. One of the most valuable novelties of recent years, and totally distinct. It is a very strong grower. The leaves, a beautiful green, are regularly banded with gold, the flower stem is eight to nine inches long, the bloom very large and bright orange red in color. A beautiful decorative plant, being of fine free shape. Price, 15 cents each.

Eclipse.—This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage. Price, 25 cents each.

Thomsoni Plena.—New. Has perfectly double flowers, and resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. The foliage is delightfully variegated. Price, 10 cents each.

Golden Bells.—Color of flowers a rich, deep golden yellow. It is very floriferous, being covered with bloom all the time. Price, 10 cents each.

CREVILLEA ROBUSTA.

(AUSTRALIAN SILK TREE.)

A splendid decorative plant, much quicker growing than a Palm, and very effective with its long, drooping, silky foliage, deeply cut like a large-growing Fern or a pinnate leaved Palm. No window is complete without it. It is very easy to manage. Be sure and try it for your window. It cannot be excelled. Price, 10 cents each; three for 25 cents.
**Beautiful Ferns.**

The popularity of Ferns has increased wonderfully in the past few years, and they are now indispensable in all choice floral decorations, and are especially valuable for ferneries, for room and table decorations. No collection of plants is complete without Ferns.

**Lygodium Scandens.**—(The Japanese Climbing Fern.) This makes a growth of from eight to fifteen feet, and is a very graceful, dainty and desirable variety. Price, 15 cents each.

**Nephrolepis Exaltata Bostoniensis.**—(The Boston Sword Fern.) In the vicinity of Boston so other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, and are of interest to everyone who has a house or a garden. For house culture or for window gardening we don't know of any other variety that would give the same satisfaction and which we could recommend so highly. Price, 15 cents each; large, fine plants, 35 cents each.

**Nephrolepis Compacta Cordata.**—(New Sword Fern.) In our estimation this variety is the finest of all Sword Ferns. It is of a fine growth, more graceful, more compact, in every way superior to the Boston Fern. Price, 15 cents each.

**Pteris Tremula.**—(Scotch Fern.)—The slightest movement of the air shakes the leaves of this Fern, which we recommend as being very desirable for house culture. It grows readily and is very fast. Price, 25 cents each.

**Pteris Argyroca.**—(The Silver Fern.) A very showy Fern, with bright green fronds, with a broad band of silver white down the center of each. Very distinct and beautiful. Price, 25 cents each.

**Chinese Hibiscus.**

Price, 10 cents each.

**Aurantiaca.**—Large, double, with orange colored flowers.

**Carminatus Perfectus.**—Full, round flowers of perfect shape, and of a rich, soft carmine rose, with deep crimson eye.

**Collerii.**—Flowers buff yellow, with a crimson scarlet base. Peculiarly handsome.

**Decorum.**—New. A very large and brilliant flower of the clearest scarlet.

**Double Crimson.**—Immensely flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

**Minutus Semi-Pleuanus.**—Small-toupe flowers of a brilliant vermillion scarlet, petals waved and recurved, and very handsome.

**General Courtigis.**—Very large, large sized flower, single, light scarlet. Very showy. This is the brightest of all.

**Grandiflorus.**—Rich, glossy foliage, literally covering the plant with scarlet crimson flowers.

**Magnificus.**—A very large flower, and of perfect form. Color a deep magenta, end of petals touched with brown, foliage finely toothed.

**Rosa Sinensis.**—Flowers red and very large, averaging nearly five inches in diameter.

**Schizopetalus.**—A curiously formed flower pendent, the petals in a whorl, orange red, totally unlike any other Hibiscus, or indeed any other flower, the petals are open like lace-work. Not only a great curiosity, but highly ornamental.

**Senator Evans.**—A beautiful Hibiscus. The shape of its flower is identical with the Aurantiaca, and it has the same purpure markings at base of petals. The color of this variety, instead of being orange, is a bright lemon.

**Sub Violaceus.**—Flowers of enormous size, of a beautiful crimson, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually free bloomer.

**Versicolor.**—Combining in its flowers all colors of the whole family, handsomely striped crimson, buff, rose and white.

**Zebra.**—Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy yellow white.

**Special Offer.**—The set of Hibiscus, fifteen varieties, splendid plants, for $1.25.

**Genista Canariensis.** (Fountain of Gold.)

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate sage green foliage, and every twig is crowned with golden flowers, with the characteristic golden blossoms of a pure golden color, almost hiding the foliage, and suggesting the name, "Fountain of Gold." A fine companion for Swainsonia Alba. Price, 20 cents each.

**Hydrangeas.**

New Hydrangea, Red-Branchened.—(Ramis Picta.) A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep rose colored flowers. A novelty of striking merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. Price, 50 cents each.

**Hortensis.**—The old favorite variety. Pink flowers, changing to white in growth, and each in a cluster. Thomas Hogg.—A pure white variety, with traces of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cottages. Price, 15 cents each.

**Hydrangea Otaka.**—A bright rose pink, flowers always perfect, and lasting, when in bloom, three to four months. Try it. Price, 15 cents each.

**Hydrangea Monstrosa.**—All that its name implies—simply monstrous. The bloom of this grand Hydrangea is as large on small plants as on two or three-year-olds of the other varieties. Once seen in bloom, always admired. It is a free bloomer. Price, for good plants, 15 cents each.
JASMINES.

ELEGANT VARIETIES.

GRAND DUKE OF TUSCANY.

Easily grown, even small plants bearing a profusion of double, creamy white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines, or indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season. A magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. It will please you. Try it. Price, fine plants, 25 cents each; large plants, 75 cents each.

CAPE JASMINE.

This well known variety grows into a fine, large bush, fine, rich, glossy foliage, and large, double flowers of delicious fragrance. Price, 10 cents each; large plants, 25 cents each.

NEW JASMINE, MAID OF ORLEANS.

This makes handsome specimens in the South, where it is hardy. It will produce more flowers twice over than any of the Jasmines. Price, 15 cents each; large plants, 50 cents each.

REVOLUTUM.

A yellow flowered Jasmine, hardly and exquisitely fragrant. Price, 10 cents each.

MALAYAN, OR CONFEDERATE JASMINE.

Now that climbers are so in vogue, we are pleased to be able to offer this very rare sort, knowing that it will delight every purchaser. To be able to have the most delicate, sweet-scented and pure yellow, waxy-like flowers in profusion almost the whole year round, and dark, evergreen foliage to set them off to advantage, is something that cannot be had from other plants. For florists nothing could be more useful, as it blooms more profusely in Winter than at any other time, making it a most desirable house plant. The vine will live a lifetime. Price, 10 cents each; large plants, 40 cents each.

GRANDIFLORUM.

This is a beautiful plant, with small, glossy, evergreen foliage, handsomely arranged on long, graceful branches, which are inclined to vine. It blooms in the Fall and Winter, bearing in the greatest profusion small, pure white flowers of a spicy fragrance which is fully delicious. A splendid house plant. Price, 10 cents each; large plants, 25 cents each.

SPECIAL OFFER.—The six distinct kinds of Jasmines, costing 80 cents, for only 50 cents.

CYPERUS ALTERNIFOLIUM.

(Umbrella Plant.)

This plant is of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome and easy growing plant. Price, 10 cents each; three for 25 cents.

AZALEA INDICA.

One of the most gorgeous blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanting. Success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely at once, both double and single flowered, in any color desired. The plants we offer are magnificent specimens. They will be in bloom about the holidays. An elegant present for Christmas. Price, three-year-old plants that have from forty to sixty blooms at blooming season, 75 cents each.

STEPHANOTIS FLORIBUNDA.

The Old-Time Favorite. Always Scarce.

This is without doubt the neatest of all hard wood vines. It makes a rapid growth, and bears large clusters of deliciously fragrant white flowers. Nothing can compare with it for either the beauty of bloom or for its exquisite fragrance. We have procured a good stock of it, and offer it very cheap. It is never offered at less than 75 cents or a dollar. Our price, only 50 cents.

SWAINSONIA ALBA.

This is a new plant and one of which we cannot speak too highly. It is a rapid grower, growing into a compact, bushy form, and bears its panicles six inches long, of pure white, peashaped flowers, in the greatest profusion. It is very sweet and fragrant. We have been cultivating it for the past year, and it is seldom out of bloom, either Winter or Summer. Be sure to try it, as it will be certain to please you. Price, 10 cents each.

NEW SWAINSONIA, SPLENDENS.

Same as the above, but with bright scarlet flowers. This is the only true scarlet variety. Price, 10 cents each.

THE TWO SWAINSONIAS FOR 15 CENTS.

FUCHSIAS.

A choice assortment of all colors, both double and single. Price, 10 cents each; eight distinct kinds for 50 cents.
CULTURE OF HARDY BULBS FOR FALL PLANTING IN THE GARDEN.

The Culture of Tulips, Narcissus, Crocus, Lilies, etc., is the same as given here for Hyacinths. No one should fail if they carry out these simple suggestions.

The Preparation of Beds and Borders for Planting Hyacinths, Tulips, Etc.

The proper season to prepare for planting Hyacinths, Tulips, Lilies, etc., is in the Fall, October being the best month, but any time before freezing will do. Don't put off setting Dutch Bulbs until Spring, as it is then out of season to plant them. It would be as proper for a farmer to order seed corn and plant it in the Fall as for flower lovers to order Hyacinths, Tulips, etc., in the Spring and plant them then. The beautiful beds you see on your neighbor's lawns of Hyacinths, Tulips, etc., were planted in the Fall. If the soil is too drained, deep digging is all that is necessary, and apply a liberal dressing of well rotted cow manure. This should be thoroughly dug into the soil, pulverizing it and the soil as finely as possible. When your Bulbs are through blooming do not ruthlessly cut off their heads. Let them remain and by the first week in May you can plant Verbenas in between as thickly as you may without disturbing the Bulbs in any way. Instead of Verbenas you can sow seed of Portulaca, or by the twentieth of the first month plant Coreses in the same manner. Cut out the flower spikes of your Bulbs as soon as they are done blooming, but do not touch a leaf until after they turn yellow, which will be towards the first of June. Then cut off with a sharp knife, an inch below the surface, rake over the bed and then leave them strictly alone. The beds can be cleared of their summer culls, as ants they are injured by frost, when a layer of manure or leaves should be spread over the surface to remain until frost is over the next Spring. The same program may be carried out another year.

Various Uses for Dutch Bulbs

Large beds devoted to bedding plants may be utilized for Hyacinths, Tulips, and Crocus after frost has killed the bedding plants. The best effect in these can be had by planting Hyacinths, Crocus and Tulips in the same beds, and each sort planted as thickly as if for alone. The Crocus will bloom first and after they are entirely done a few Tulips or Hyacinths, whichever may be planted, will come to blooming. In this style of planting the Tulips or Hyacinths should be planted first, about four inches deep. Mulch the beds with three or four inches of stable manure, which should be removed in early Spring.

Making a Hardy Border.

If the soil is poorly drained, the preparation of the border would be the same, except the soil should be entirely removed to the depth of two and one-half feet and six or eight inches of broken stone put in the bottom of the border. The size and location of the border depends upon the taste and opportunities of the individual. Along the face of a vegetable garden or on one side of a house, it is also desirable. Any good vegetable will be of benefit to the plot. If back of such a border is a walk covered with climbing shrubbery, such as Clematis, Honeysuckles and Everlasting Peas, the effect will be greatly enhanced. Along the fence is another good location for a hardy border, and the fence will serve the purpose of a trellis for hardy vines. Along the fence of a shrubbery is a most effective place for a hardy border, and among the shrubs may be planted the taller growing Lilacs and perennials with beautiful effect, and when it is not possible or desirable to make a border on the face of a shrubbery the recesses usually there could be most charmingly filled with Narcissus and many beautiful low-growing perennials. After planting, mulch the border with three or four inches of stable manure, which should be removed in early Spring before the plants are com- peted as soon as possible. Remember always, no matter how hardy the bulbl or plant may be, its bloom will be improved by the winter covering of manure or other covering.

We are headquarters for fine Roses of all kinds. As we make a specialty of them, growing, as we do each year, a million and a half, we know we can supply your wants in this line with the best plants and varieties, both old and new. Also all kinds of Chrysanthemums, Geraniums, Begonias, Fuchsias, etc.

It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor and is the only Artificial Fertilizer which can be used without any danger of injury to the plants. It takes the place of liquid manure and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it and have yet to hear the first complaint. The Ammoniated Food is put up in wooden boxes, with attractive wrappers. One package, sufficient for twenty-five ordinary sized plants for one year, 50 cents. Sent by mail, postage prepaid, on receipt of price.
To Our Friends and Patrons:

To help you to successful Bulb Culture, we offer you a few simple instructions, which we trust will help you in developing the beauties of these most elegant flowers. They are pre-eminently the people's flowers; so easy to grow; so quick of results; so enchanting in their loveliness and fragrance. If you have never tried their culture commence at once, and our word for it you will be happy with your venture.

A WORD AS TO BULBS.—We import and grow only the very best, believing that first quality and small profit will bring us more business in the long run than a poor grade of Bulbs at a large profit. Try us with your Bulb order. You will never regret it.

Very truly,

THE GOOD & REESE COMPANY,
Champion City Greenhouses, Springfield, Ohio.

Culture of Dutch Bulbs for Winter Blooming in Pots.

Bulbs are the most important Winter bloomers for window culture. They are the easiest cared for of all flowers, and absolutely sure to bloom abundantly. Geraniums or Roses may from some cause fail, but Bulbs never. Nothing is more pleasant or cheerful during a dreary Winter than a few pots filled with Hyacinths, Tulips, Crocus, Narcissus, etc., displaying their brilliant colors and delightful fragrance for weeks. Add to these the many new Bulbs that are being cultivated for Winter flowers, and at a very little trouble or expense a display of Winter flowers can be procured which will be the center of attraction in any neighborhood. Freesias, Ixias, Triteleias, Calochortus, Alliums, Scillas, Chionodoxa, etc., are comparatively new and beautiful beyond description. Those grand new Bulbs, Freesias and Triteleias, which keep in bloom several weeks in mid-winter, are worth their weight in gold. Such gems should decorate every home during the dismal Winter days. Their culture is very simple. They can be potted during September, October or November, watered well and set away in a cellar or any cool, dark place to make roots, when, after remaining for six weeks, or as much longer as desired, they can be brought out for blooming. We earnestly advise potting the Bulbs as early as possible, especially if flowers are desired as early as New Year's, for the longer time they can have to make roots the better they will bloom. By bringing out a few pots at different times a succession of bloom can be kept up all Winter. If they are kept in a cool place while in bloom the flowers will keep perfect a long time. For the benefit of those who desire more explicit cultural directions we give it here in detail.

SOIL.

The variety of the soil is not a very important item in Bulb culture. Any good garden loam will answer, but if we had a variety to choose from we would take a rich, sandy soil and mix with it a small quantity of leaf mold. Do not use manure unless it is very old and well pulverized, and then only in small quantities, or it may cause the Bulbs to decay, or encourage too rapid growth of foliage.

Hyacinths in Pots for Winter Flowering.

For the growth of Hyacinths in pots the most favorable planting season for early bloom is September, and for a succession at intervals up to January. The size of pots is regulated by the space or convenience for placing them; when limited, and a rich, massive effect is wished for, those of six or eight inches in diameter are recommended, in which three or four Bulbs may be placed. But where more convenience is had a succession of Bulbs in smaller pots may be admitted—two Bulbs in each are very pretty. In potting it is only necessary to fill the pot rather loosely to the brim and press the Bulb down so that only one-fourth of it appears above the soil. The pot should then be stood smaith on a bench to give the soil proper degree of firmness, leaving it when finished an inch or so below the rim of the pot. Then water freely to still further settle the soil. The pots should then be placed where it is cool and dark, which will encourage a strong development of roots before the buds start to grow at the top. Such a situation can be made by covering up the pots with four inches of sand in a cool cellar, under the stage of a cool greenhouse, or in a sconen pil, in each covering with sand or leaves so as to exclude heat and frost; for it must not be forgotten that a strong development of root can only be had at a low temperature, any from forty to fifty degrees, and any attempt to force them to make roots quickly by placing them in a high temperature will certainly entice the flower. Whether potted in soil, sand or moss, there is no need to water, except at the time of potting, provided the pots have been covered up as directed, and kept cool and dark. If potted in October they may be removed from their dark quarters in seven or eight weeks; they should then be placed in full light and watered freely.

Hyacinths in Glass for Winter Blooming.

For this purpose Single Hyacinths are to be preferred. Single Hyacinths are generally held in less estimation than Double ones; their colors and beauty being the same, the bells though smaller, are more numerous; some of the sorts are exquisitely beautiful; they are preferable for flowering in Winter to the Double ones, as they bloom two or three weeks earlier and are very sweet scented. Hyacinths intended for glasses should be placed in them during October and November, the glasses being previously filled with pure water, so that the bottom of the Bulb may just touch the water, then place in a dark closet, box or cellar, at forty or fifty degrees temperature. The water should be changed as it becomes impure; draw the roots entirely out of the glasses, rinse them in clear water, and wash the inside of the glass well. Care should be taken that the water does not freeze, as it would not only burst the glass, but cause the roots to decay. Whether the water is hard or soft is not a matter of much consequence—soft is preferable—but it must be perfectly clear, to show the roots to advantage. A void a low water mark in the glasses by keeping it to a level with the base of the Bulb. Never place the glass upon a mantel-piece or shelf without the influence of fire heat during the process of growth. To stimulate and strengthen the growth regarding sulphur at some occasional in the water after the Bulbs are exposed to the light. When the glasses are well filled with roots and the flower stem well out of the Bulb, gradually expose to the light and sun at a higher temperature. If kept too light and warm at first, and there is sufficient fibre they will rarely flower well. They will bloom without any sun, but the colors of the flowers will be inferior. To insure a vigorous growth a favorable exposure to the light and occasional fresh air, when mild, is essential to their success.
HOW TO MAKE FLOWERS GROW AND BLOOM.

W e desire to have every person who pur-
chases bulbs or plants of us succeed
thoroughly in their culture. Flowers
are Nature's sweetest gift to man, and
love and care for them develops all that is best in
humanity. We exert ourselves to the utmost to
send out only first-class bulbs and plants, and if
the flowers purchased from us are given proper
attention they will grow and bloom to your en-
tire satisfaction. A great deal depends, however,
upon the care bestowed on plants and bulbs,
and you can expect success only when you give
your flowers the things which their needs re-
quire. In order to furnish you the information
which will enable you to do this, we have a special
offer to make, which we trust will be accepted
by every person who purchases of us this season.

There is published in this city a splendid
floral magazine, by far the best journal of
the kind, called "How to Grow Flowers." Its
name describes exactly the purpose of this
publication. It tells you in the plainest and most
practical manner what to do in order to make
your flowers grow and bloom, how to have en-
tire success in their culture. Each number
contains thirty-six large pages, printed on fine
book paper, beautifully illustrated with engrav-
ings made from photographs which show flow-
ers as they actually are. It tells you how,
when and what to plant, when and how to prune,
when and how to mulch, how to protect
in Winter, how to get rid of insects, water and
heat needed, how to bed out plants, the best
varieties, about floral decorations, etc. Each
number contains liberal prize offers to subscrib-
ers, and all the articles published are from ac-
tual experiences. The regular price of this
splendid journal is forty cents a year, and it is
worth double the money to any person who
loves flowers.

SPECIAL OFFER. WHAT YOU
CAN GET FOR ONLY 10 CENTS.

W e want every customer of our firm to become a subscriber for How to Grow Flow-
ers. If you will send us only ten cents, we will have the magazine mailed to you,
postage prepaid, for six months. Isn't this a liberal offer? We will pay half of
the price of the journal ourselves, in order to induce you to give it a trial. It costs ten
cents to produce only two numbers of How to Grow Flowers, and for this sum
you will get three times its actual value, and the information contained in the six numbers of
the publication will be worth many dollars to you. No difference how large or how small
may be your order this Fall, do not fail to add ten cents for a six months' subscription for
How to Grow Flowers.

SPLENDID 50-CENT COMBINATION OFFER

For only fifty cents we will send How to Grow Flowers one year and the following splendid
collection of bulbs, all postage prepaid:

**TWO SELECTED HYACINTHS**, different colors.
**FOUR ASSORTED TULIPS**, very fine.
**FOUR CHOICE MARCISSUS**, white and yellow.
**FOUR SCILLA SIBIRICA**, or Squill (Star Hyacinth).
